1 PERFORMANCE OVERVIEW

The Group and the Bank recorded a profit before tax of RM68.2 million and RM68.3 million respectively for the year ended 31 December 2021.

The Group's CET 1/ Tier 1 Capital Ratio and Total Capital Ratio as at 31 December 2021 stood at 38.502% and 39.615% respectively.

2 STATEMENT OF CORPORATE GOVERNANCE

(i) Board responsibility and oversight

Kuwait Finance House (Malaysia) Berhad (hereinafter referred to as "KFHMB" or "the Bank") acknowledges that good corporate governance practices form the cornerstone of an effective and responsible organisation. Hence, the Board is committed to a corporate governance framework and structure which ensures protection of shareholder's rights as well as recognition of the rights of all other stakeholders ranging from customers, creditors, suppliers, employees, regulators and the community as part of its effort to achieve long-term sustainable value for all its stakeholders.

Additionally, the Bank has also adopted KFH Group Corporate Governance Policy Document for the subsidiaries of Kuwait Finance House K.S.C.P. ("KFHK").

In ensuring that the entire Islamic banking operations of the Bank complies with Shariah rules and principles, a sound and robust Shariah Governance Framework has been developed with emphasis on compliance with Shariah principles through an independent Shariah Committee. The framework includes instituting comprehensive policies, processes and infrastructure to ensure Shariah compliance in all aspects namely planning, development and implementation of the Bank's operations, products and activities.

In 2021, there were no Shariah non-compliance incidences reported to the Board.

Roles and Responsibilities of the Board

As custodian of corporate governance, the Board provides strategic direction with a view to preserve the Bank's long term viability whereby the Board reviews and evaluates the strategic planning process and monitors the implementation of the strategy carried out by the management.

In safeguarding the Bank's assets, shareholder's investment and stakeholders' interests, the Board also ensures that the Bank is equipped with an effective system of internal controls, and that there is a satisfactory framework of reporting on internal financial controls and regulatory compliance, as well as an effective risk management framework, which effectively monitors and manages the principal risks of the Bank's businesses.

2 STATEMENT OF CORPORATE GOVERNANCE (Cont'd.)

(i) Board responsibility and oversight (Cont'd.)

Roles and Responsibilities of the Board (Cont'd.)

Accountability is part and parcel of governance in the Bank as whilst the Board is accountable to the shareholder, the management is accountable to the Board. The Board ensures that the management acts in the best interests of the Bank and its stakeholders, and strives to improve the performance of the Bank.

The Board oversees the conduct of the Bank's businesses by ensuring that the business is properly managed by a management team of the highest caliber. Continuous reviews are conducted on the Bank's corporate and business governance in an effort to strengthen controls and enhance good governance practices in staying relevant to the challenges of the changing market environment.

There is a clear division of responsibility between the Board and the management. The Chief Executive Officer is supported by a team of senior management who are responsible for the implementation of the Board's decisions and have overall responsibilities for the day-to-day operations of the Bank's businesses and operational efficiency.

Board Composition and Balance

The Board currently has six (6) members, comprising four (4) independent non-executive directors and one (1) non-independent non-executive director and one (1) non-independent executive director.

The Directors comprise of members who are seasoned bankers and have wealth of experience in various banking segments including retail, corporate banking and credit management. The current independent members of the Board assist the Board in ensuring effective check and balance on the function of the Board. The composition of the Board also comprise nominee directors of KFHK to reflect the interest of the shareholder. A brief profile of each Director is presented below.

None of the Directors in office during the financial year has any shareholding in the Bank.

2 STATEMENT OF CORPORATE GOVERNANCE (Cont'd.)

(i) Board responsibility and oversight (Cont'd.)

Remuneration

Since July 2018, the Board had approved the Bank's Rewards framework and Policy based on the recommendation of the Board Remuneration and Nomination Committee ("BNRC").

This framework was developed with the purpose of fair and transparent in rewarding employee based on respective contributions to the Bank's performance and in line with the requirement of the governance regulations. The framework and the policy are reviewed periodically which enables KFHM to attract and retain talents, in line with the Bank's objectives and strategy.

The following factors are taken into account in the design and proposal of the remunerations programmes:-

- a) The Bank's performance, both long-term and short-term;
- b) Prudent risk-taking at the employee, divisional and organizational levels based on RMD's review and feedback;
- c) External market conditions for talent and the Bank's attrition rate;
- d) The Bank's ability to pay; and
- e) Strong governance.

Components of Remunerations

The Bank's remuneration framework is structured in accordance with applicable laws and regulations and it consists of the following: -

- a) Fixed Pay – consists of base salary and fixed allowances. It compensates for the respective level of expertise, skills and responsibility required for fulfilling a specific job, determined by the job grade. It is also taking into consideration of market competitiveness within the Financial Services sector.
- b) Variable Remuneration – payable periodically by cash through specified time-line and objectives set by the management for achievement that enforces pay-for-performance culture of the Bank.
- c) Benefits – is part of total remuneration that provide employees with paid time off, medical and financial protection, financing product at preferential rates etc.

2 STATEMENT OF CORPORATE GOVERNANCE (Cont'd.)

(i) Board responsibility and oversight (Cont'd.)

Remuneration (Cont'd.)

Measurement of Performance

The measurement of the Bank's performance will focus on the Bank's strategy and its annual priorities in the balance scorecard such as financial, risk-related and non-financial drivers for sustainability of the organization. Financial measures on the profitability, cost & asset management, stakeholder return, business growth etc. Risk-related and non-financial drivers' measures on mandatory compliance with Audit, Shariah and risk, key strategic initiatives, customer care/ stakeholder management and people-related measures. The business and financial KPIs are developed around the risk allowed by the Bank. Key measures on Risk for the Bank include the Risk Profile with approved indicators, Credit quality and Asset Quality. These are tracked closely by the Bank. These key measurements are cascaded to individual staff in the Bank. To remain independent, the control functions such as Audit, Compliance, Risk and Shariah do not carry any financial KPIs (Key Performance Indicator).

The KPIs in the scorecard will be assessed at the end of the year to determine the performance of an individual along-side with the behavioural and leadership competencies assessment. Performance rating for each individual are calibrated within the division and challenged at the EXCOM (Executive Management Committee) to ensure fair assessment. This exercise put focus on performance culture and pay-for-performance.

The assessment of the Compliance rating for the different divisions / units in terms on compliance to regulatory, policy and procedure requirements were independently conducted by the Control functions. Conversely, the control function KPIs are assessed independently by the board committees.

Variable Remuneration

The Banks' performance measurements, qualifiers and threshold performance to qualify for the bonus are determined at the beginning of the performance year by the Board based on the recommendation of the BNRC.

At the end of the year, the approval of the Board will be sought to trigger the bonus payout if the agreed qualifier and threshold performance is achieved. The bonus payout will only be made after the approval of the Board and the audited accounts are cleared by BNM.

The yearly performance assessment and remuneration for the identified Key Responsible persons (KRPs) or Senior Officers in the Bank has to be approved by the Board upon recommendation by BNRC. Currently we have 14 of such Senior Officers or KRPs. These individuals are also the Bank's Material Risk Takers (MRT). Beside the Senior Officers, the Bank has also identified 17 Other Material Risk Takers (OMRT) which can materially commit or control significant amounts of the Bank's resources and among the most highly remunerated officers in the Bank. The remuneration of these Material Risk Takers have to be approved by the Board.

KUWAIT FINANCE HOUSE (MALAYSIA) BERHAD

2 STATEMENT OF CORPORATE GOVERNANCE (Cont'd.)

(i) Board responsibility and oversight (Cont'd.)

Remuneration (Cont'd.)

Variable Remuneration (Cont'd.)

The remuneration of the heads of Control Function (Internal Audit, Risk Management, Compliance and Shariah) have to be reviewed by the respective independent board committees.

The individual remunerations are promised on the achievement of the KPIs and determined by the pre-approved bonus matrix, stated in the approved Reward Policy. For longer term performance and remuneration adjustment, the MRT are participants of the Deferred Bonus Scheme which was approved by the Board. It is designed to avoid conflicts of interest; protect the clients' interests; and ensure there is no encouraging of excessive risk-taking. Guided by local to global benchmarks as reference, the deferred amount and period were designed to be practical to ensure it doesn't affect attraction and retention. Clawback and Forfeiture features were fair and transparent for both the Bank and employees. This will discourage employees from not complying with the rules leading to a reduction or cancellation of the variable remuneration of the year for the relevant employees.

Deferral mechanism is the same across all material risk takers except for the CEO, who would have a different mechanism. Other policy statements surrounding clawback and forfeiture include: Material restatement of financial results, Fraud and gross negligence or misconduct, Material violation of the principle of risk taking, Resignation or cessation of employment and inaccuracy of financial performance.

(ii) Key Internal Control Processes

The BAC of the Bank assist the Board to evaluate the adequacy and effectiveness of the internal controls systems.

The BAC reviews the financial statements, reports issued by Internal Audit Division, the external auditors and regulatory authorities, and follow-up on corrective action taken to address issues raised in the reports. Internal Audit Division conducts independent risk-based audits and provides assurance on the effectiveness of the design and operation of the governance, risk and control framework across the Bank. The BAC oversees the independence and objectivity of the Internal Audit function, approves the annual risk-based audit plan and periodically reviews the progress of the plan and reports issued by Internal Audit Division.

Internal Audit Function

Internal Audit function operates under the charter approved by BAC that formalised the roles and responsibilities of the function and its internal stakeholders. It includes unrestricted access to review all activities of the Bank. The Chief Internal Auditor functionally reports to the BAC and administratively to the CEO. The internal auditing function reviews the operations of the Bank to ensure consistency in the governance, risk management, internal controls systems and the application of policies and procedures.

KUWAIT FINANCE HOUSE (MALAYSIA) BERHAD

(200401033666) (672174-T)
(Incorporated in Malaysia)

2 STATEMENT OF CORPORATE GOVERNANCE (Cont'd.)

(ii) Key Internal Control Processes (Cont'd.)

Internal Audit Function (cont'd.)

Internal Audit focuses its efforts on performing audits in accordance with the audit plan, which is prioritised based on a risk assessment of all activities undertaken by the Group. The risk assessment approach ensures that all risk-rated areas are kept in view to ensure appropriate audit coverage and audit frequency. The risk-based audit plan is reviewed annually taking into account the changing financial significance of the business and risk environment. The BAC reviews and approves the annual internal audit plan.

Internal Audit also performs internal controls reviews on key banking operations and activities, investigations, special reviews, Shariah Governance and also participates in significant system development activities and project committees to advise on governance and internal control measures. Internal Audit plays an active role in ensuring compliance with the requirements of Regulatory Authorities. Internal Audit also works collaboratively with the External Auditor, Risk Management and Compliance function to avoid duplication of effort.

There is an effective process for ensuring prompt resolution of audit issues. The progress of significant issues is regularly tabled to the BAC until such issues are satisfactorily resolved.

Management reports

Management reports are presented to and reviewed by the Board on a regular basis. In addition to the financial statements, other reports regularly tabled before the Board at periodical meetings include the reports on monitoring of compliance with banking laws and other Bank Negara Malaysia's guidelines on financing, capital adequacy and other regulatory requirements, as well as monthly progress reports on business operations.

The annual business plan and budgets that are prepared by the Bank's business units are also reviewed and approved by the Board.

The Bank has also put in place policies, standard operating procedures, guidelines and authority limits imposed on Management in respect of the day-to-day banking and financing operations, extension of credits, investments, acquisitions and disposal of assets.

In addition, proper policies and standard operating procedures are in place within the Bank in relation to hiring and termination of employees, formal training programmes for employees, performance management with annual and semi-annual performance appraisals, and other relevant procedures to ensure the employees are competent and adequately trained in carrying out their responsibilities.

(Incorporated in Malaysia)

2 STATEMENT OF CORPORATE GOVERNANCE (Cont'd.)

(iii) Risk Management

Audited information according to MFRS 7 and MFRS 101

Risk management disclosure is in line with Malaysian Financial Reporting Standard ("MFRS") 7 Financial Instruments: Disclosures, and disclosures on capital management and MFRS 101 Presentation of Financial Statements (Revised). The Risk Management disclosure forms part of the financial statements audited by the Bank's independent auditor, Messr. Ernst & Young PLT.

Roles and responsibilities of BRMC are to oversee Bank's activities by providing effective and robust management of risks inherent within the Bank in order to protect and enhance shareholders's value.

Highlights of major achievements

The Bank has been taking proactive measures to manage various risks posed by rapid changing business environment. These risks include Shariah Non-compliance risk, credit risk, market risk, liquidity risk, reputational risk, business risk, strategic risk, operational risk, technology risk and cyber security risk, etc. These risks are systematically managed within the Bank's risk governance, risk management framework, risk infrastructure and risk management tools.

During the year under review, the Bank has implemented a number of initiatives to address the above risks under the pandemic situation. These include:

- Proactively provide payment assistance to customers who are financially impacted by pandemic. This helps in managing Bank's credit risk as well it is in line with Shariah teachings.
- Performed assessments on Bank's information technology and cyber security resilience and established controls in line with regulatory standards.
- Under effective Business Continuity Management (BCM), successfully managed business continuity with the least disruption as a result of effective communication via BCM Champions, creation of split operations, availability of alternate sites and swift allocation of Virtual Private Network (VPN), etc.
- Enhanced anti-money laundering system to be more efficient in detecting and capturing potential money laundering activities as well as conducting required screening on existing and potential customers against entities suspected to be involved in terrorism as issued by United Nations Security Council ("UNSC") and Kementerian Dalam Negeri.

The Board has delegated overall responsibility of reviewing the effectiveness of risk management practices to the BRMC. The BRMC assists Board in reviewing and overseeing the effectiveness of risk management practices of the Bank whilst Risk Management Division executes continuous monitoring and evaluation of Bank's risk management practices. Risk management policies and frameworks are formulated to identify, measure, and monitor and review various risks. The policies and frameworks are reviewed and recommended by BRMC for Board's approval.

KUWAIT FINANCE HOUSE (MALAYSIA) BERHAD

(200401033666) (672174-T)
(Incorporated in Malaysia)

2 STATEMENT OF CORPORATE GOVERNANCE (Cont'd.)

(iii) Risk Management (Cont'd.)

Risk Management Framework

BRMC also reviews and assesses the adequacy of risk management policies as well as ensuring that sufficient infrastructure, resources and systems are in place to sustain effective risk management practices. The risk management principles, policies, procedures and practices are updated regularly to ensure relevance and compliance with current applicable laws, regulations, as well as changes in the business and regulatory environment and also to ensure that all current policies and procedures are easily available to all employees.

Three Lines of Defence Concept

The Bank adopts the concept of three (3) lines of defense i.e. risk taking units, risk control units and internal audit. The risk taking units are responsible for the day-to-day management of risks assumed by them in their business activities, while the risk control units manage the provision of specialised resources for establishing appropriate risk management frameworks and developing appropriate risk management tools and methodologies. Additionally, internal audit complements the concept by providing independent assurance of the effectiveness of the risk management process and approaches implemented by the Bank.

Credit Risk Management

The Bank defines credit risk as the risk of potential loss arising from a customer defaulting on its obligation to the Bank. The Corporate segment continues to contribute the major share of the Bank's financing and investment assets with 66% while the consumer financing segment contributed 34% of the Bank's total financing and investment assets in 2021.

The Single Counterparty Exposure Limit ("SCEL") defines the maximum exposure to a single counterparty and is in accordance to regulatory requirements. In addition more stringent limits have been set internally. Moody's Risk Rating System is used to rate corporate customers in accordance with accepted industry and regulatory standards. The quality of corporate and retail exposure is closely monitored using a comprehensive set of parameters and indicators and is presented regularly to management, the Board Committees and the Board.

The financing and investment limits are established in accordance to Board's approved Risk Appetite for all types of financing and investment monitored by Risk Management Division and Management Credit Committee. KFH Malaysia Financing Transactions Golden Rules are adopted to optimize the asset allocation decisions by measuring the impact of all major transactions on KFH Group capital adequacy ratio.

Corporate and Retail Credit Team, consisting of independent full time credit personnel, plays a central role in analysing, reviewing and monitoring transactional credits pertaining to corporate, small medium enterprise and consumer financing activities. Counterparty risk is restricted and monitored at the customer level in accordance to the BNM/SCEL.

KUWAIT FINANCE HOUSE (MALAYSIA) BERHAD

(200401033666) (672174-T)
(Incorporated in Malaysia)

2 STATEMENT OF CORPORATE GOVERNANCE (Cont'd.)

(iii) Risk Management (Cont'd.)

Credit Risk Management (Cont'd.)

The Bank's credit risk policies and procedures set the principles in governing the way the Bank and its related subsidiaries conduct their credit risk management activities. It ensures credit risk underwriting is consistent across the Bank and provides guidance in the formulation of supplementary credit policies and practices specific to business units.

The Credit Risk Management Team has further enhanced credit risk management practices by producing more granular analysis reports to be presented to Management and BRMC. With business intelligence tools employed by the Bank, proactive collection strategies, monitoring and identification of business credit risk and opportunities are more effective and efficient.

The Bank considers Environmental, Social and Governance ("ESG") in the Bank's strategy and has embedded the requirements in the Corporate Credit Risk Policy. Establishment of ESG programme has been initiated and shall continue in year 2022 with further refinement on the strategy and target area for development.

In order to align and converge the Value-based Intermediation Financing and Investment Impact Assessment Framework (VBIAF) issued by Bank Negara Malaysia and the Bank's climate risk initiatives, the Bank will leverage on and make reference to the VBIAF sectoral guides for more detailed guidance to conduct ESG assessments in the specific sectors.

Market Risk Management

Market risk is the risk that movements in market variables, including rates of return, foreign exchange rates, credit spreads, and commodity prices, will reduce the earnings or capital of the Group.

Market risk exposure of the Group is identified into two types:

(i) Traded Market Risk

Primarily the rate of return risk and credit spread risk, exists in the Group's trading book positions held for the purpose of benefiting from short-term price movements. These trading book positions are mainly originated by Treasury Operations.

(ii) Non-Traded Market Risk

Rate of return risk and foreign exchange risk arising mainly from retail and commercial banking assets and liabilities, as well as financial investments designated as available-for-sale and held-to-maturity.

The Asset Liability Management Committee ("ALCO") supports Board Risk Management Committee ("BRMC") in market risk management oversight. The Bank adopted Group market risk policies, aligns market risk management with the Group's and the Bank's risk appetite and implements actions to ensure risk remains within established risk tolerance level.

With the IBOR reform, the Bank does not expect any significant changes to its business and hedging strategy.

KUWAIT FINANCE HOUSE (MALAYSIA) BERHAD

**(200401033666) (672174-T)
(Incorporated in Malaysia)**

2 STATEMENT OF CORPORATE GOVERNANCE (Cont'd.)

(iii) Risk Management (Cont'd.)

Liquidity Risk Management

Liquidity risk is defined as the exposure to loss as a result of the inability to meet cash flow obligations in a timely and cost-effective manner. It arises when the Bank does not have sufficient maturing assets to cover maturing liabilities that are not rolled-over.

ALCO supports BRMC in liquidity risk management oversight. The Bank adopted the Group's liquidity risk policies, and implements necessary actions to ensure that the liquidity risk is well managed and within the established liquidity risk appetite and thresholds.

Liquidity Risk Policy sets out the processes involved in identifying, assessing, measuring, controlling, mitigating and monitoring of liquidity risk. The policy also addresses the regulatory requirements on Basel III Liquidity standards, including BNM's Basel III Liquidity Coverage Ratio which has been in effective since 1 June 2015. Monitoring tools and liquidity/funding limits are established to manage liquidity and funding exposures are within the Group's requirements. Liquidity and funding positions are reported to ALCO on a monthly basis.

Operational Risk Management ("ORM")

Operational risk is defined as losses due to failed internal processes, people, systems or from external events.

The Bank has an ORM Policy that is aimed at managing the overall operational risk within the Bank. This policy is being reviewed periodically to ensure it is being aligned with the overall Bank's business strategy. Various operational risk tools have been implemented with the intention to minimise the operational risk to an acceptable level and within the Bank's appetite.

A clear delegation of authority had been approved and implemented in order to provide clear job responsibility. This delegation of authority is regularly reviewed in order to align it with the latest structure of the Bank. The Bank also continuously reviews and evolves its technology practices and processes in order to ensure acceptable standards are in place and adhered to.

Overall corporate governance practices are monitored closely with the aim of ensuring that the Bank operates at the highest standards of business integrity, ethics and professionalism.

Compliance

Under the Bank's Compliance Policy, the line management plays an important role in cultivating a compliance, ethical and integrity culture within the organisation. The Bank has appointed Business Unit Compliance Officers ("BUCOs") at divisional / departmental levels who are responsible to identify applicable regulatory requirements at their respective divisions / departments and to keep Compliance informed on an ongoing basis of the level of compliance, compliance deficiencies, gaps in work processes and the status of any corrective actions.

(Incorporated in Malaysia)

2 STATEMENT OF CORPORATE GOVERNANCE (Cont'd.)

(iii) Risk Management (Cont'd.)

Compliance (Cont'd)

As a fully licensed Islamic Bank, the Bank has a legal obligation to deter money laundering and counter financing of terrorism within the ambit of the Anti-Money Laundering, Anti-Terrorism Financing & Proceeds of Unlawful Activities (AMLA) 2001. As such, the Bank is at the forefront of the Government and BNM's continuous initiatives in the prevention of the use of the banking system at any point for money laundering or terrorist financing activities.

The Bank has demonstrated its full commitment of compliance with the Anti-Money Laundering / Counter Financing of Terrorism ("AML/CFT") requirements by establishing a robust and comprehensive framework, policies, procedures, processes and systems for the prevention and detection of money laundering and terrorist financing activities. The Head of Compliance reports to the Board Risk Management Committee on AML/CFT and Regulatory Compliance matters. Key measures undertaken by the Bank to mitigate the AML/CFT matters include:

- Implemented a dedicated Anti-Money Laundering ("AML") system since 15 July 2008. The system has enabled the Bank to effectively conduct ongoing monitoring on customer transactions through a dedicated Management Information System ("MIS") for prompt detection and reporting of suspicious transactions;
- Established Customer Due Diligence ("CDD") policy and procedures to address the establishment of new business relationship with customers;
- Periodic review of MIS to optimise detection of potential money laundering and terrorist financing activities and incorporate regular screening exercise for entities suspected involved in terrorism as issued by United Nations Security Council ("UNSC") and Office of Foreign Assets Control (OFAC) US;
- Constantly updating record keeping procedures in accordance with the statutory requirements;
- Conduct regular AML/CFT training sessions to ensure high level of staff awareness at all levels;
- Regular updates to the Management, BRMC and the Bank's Chairman on AML/CFT matters.

The AML/CFT measures have undergone ongoing assessment by the regulators and further validated internally as part of the ongoing risk assessment towards meeting the Financial Action Task Force ("FATF") recommendations.

The above measures especially with the implementation of a dedicated MIS to systematically conduct ongoing customer due diligence and to monitor the customers' transactions on a daily basis, demonstrate that the Bank including KFHMB Group have shown strong commitment in ensuring compliance to the relevant AML/CFT legislations as well as to protect the Bank's integrity and reputation.

(Incorporated in Malaysia)

2 STATEMENT OF CORPORATE GOVERNANCE (Cont'd.)

(iii) Risk Management (Cont'd.)

Capital Adequacy Framework Initiatives

The Bank is of the view that it is important to have in place sound practices in managing the range of risks facing the Bank and its potential impacts on the capital. The Bank currently has adopted Pillar 1, 2 and 3 under BNM Capital Adequacy Framework for Islamic Banks ("CAFIB").

Pillar 1

Under BNM CAFIB which specifies risk measurement methodologies to calculate minimum capital requirements to be held by Islamic banks, the Bank has adopted the following approaches:

- Credit Risk Charge – Standardised Approach
- Market Risk Charge – Standardised Approach
- Operational Risk Charge – Basic Indicator Approach

The Bank is in compliance with all regulatory capital ratios prescribed under Pillar 1 throughout the year.

Pillar 2 Internal Capital Adequacy Assessment Process ("ICAAP")

The Bank has carried out comprehensive assessment of its existing capital and risk management practices against expectations set forth in the BNM Guideline. The Bank's ICAAP framework is very much aligned to Kuwait Finance House Group's ICAAP implementation inclusive of the following efforts:

- Continuous monitoring of the Bank's Key Risk Indicators (KRIs) which are aligned to the Bank's Risk Appetite Statements; and
- Improvement initiatives on ICAAP and Stress Test Submission.

The Bank leverages on ICAAP in assessing the overall capital adequacy in relation to its risk profile and takes necessary steps to strengthen the risk and capital management capability.

Pillar 3

The Bank is also in compliance with BNM CAFIB – Disclosure Requirements (Pillar 3) which specifies the disclosure requirements for credit, market and operational risks.

(Incorporated in Malaysia)

2 STATEMENT OF CORPORATE GOVERNANCE (Cont'd.)

(iii) Risk Management (Cont'd.)

Capital Adequacy Framework Initiatives (Cont'd.)

Pillar 3 (Cont'd.)

Stress Test

Stress test and scenario analysis serve as important tools to assess financial risks and management capability of the Bank to continue operating effectively under stressed scenarios. Stress test and scenario analysis assist BRMC and the Bank's senior management in:

- Evaluating the optimal capitalisation level for the Bank to weather extreme economic and operating scenarios;
- Understanding the nature and key risk profiles of the Bank;
- Developing adequate contingency plans and strategies; and
- Assessing the effectiveness of established risk mitigants.

The preparation of the stress test involves risk management teams, business units, and the Group. Stress test results are computed based on pre-defined scenarios which are as follows:

- Economic Recession Scenario;
- Generalised Credit Quality Deterioration and Asset Price Devaluation Scenario; and
- Severe Liquidity Stress and Deposit Run-off scenario.

The stress test reports are presented to the Senior Management and Board level committees and submitted to BNM on a semi-annually basis.

DIRECTORS' REPORT

The directors have pleasure in presenting their report together with the audited financial statements of the Group and of the Bank for the financial year ended 31 December 2021.

PRINCIPAL ACTIVITIES

The principal activity of the Bank is Islamic banking business as allowed under the Islamic Financial Services Act, 2013.

The principal activities of the subsidiaries are the provisions of offshore banking and nominees services.

The Bank's subsidiary involved in offshore banking had, on 15 November 2021, surrendered its licence to the Labuan Financial Services Authority and had, with effect from 19 November 2021, commenced member's voluntary winding up.

Other information relating to the subsidiaries are disclosed in Note 13 of the financial statements.

RESULTS

	Group RM'000	Bank RM'000
Profit before zakat and taxation from continuing operations	68,333	68,333
Profit before zakat and taxation from discontinued operations	(87)	-
Taxation	5,354	5,354
Net profit for the year	<u>73,600</u>	<u>73,687</u>
Profit attributable to:		
Owners of the parent	73,600	73,687
Minority interests	-	-
	<u>73,600</u>	<u>73,687</u>

DIVIDENDS

No dividends has been paid or declared by the Bank since the end of the previous financial year. The directors do not recommend any final dividend payment for the current financial year.

DIRECTORS

The names of the directors of the Bank in office since the beginning of the financial year to the date of this report are:

Muad S M M AIOsaimi
Mohammad Nasser AIFouzan
Khalid Sufat
Abdul Khalil Abdul Hamid
Ahmad S A A AlKharji
Mohamed Zaheer Mohamed Azreen

The names of the directors of the Bank's subsidiaries in office since the beginning of the financial year to the date of this report are:

Kuwait Finance House (Labuan) Berhad (under Member's Voluntary Winding-Up)
Mohammad Nasser AIFouzan (Resigned on 2 August 2021)
Ida Aizun Husin

KFH Nominees (Tempatan) Sdn Bhd
Mexdelina Hussein
Mohd Hazran Abd Hadi

DIRECTORS' BENEFITS

Neither at the end of the financial year, nor at any time during that year, did there subsist any arrangements to which the Bank is a party, whereby directors might acquire benefits by means of the acquisition of shares in, or debenture of the Bank or any other body corporate.

Since the end of the previous financial year, no director of the Bank has received or become entitled to receive any benefit (other than directors' remuneration as disclosed in Note 35 of the financial statements) by reason of a contract made by the Bank or a related corporation with any director or with a firm of which the director is a member, or with a company in which he has a substantial financial interest except as disclosed in to the financial statements.

DIRECTORS' INTERESTS

According to the register of directors' shareholdings, none of the directors held shares in the Bank and its related corporations during the financial year ended 31 December 2021.

ISSUE OF SHARES

There were no changes to the issued and paid-up capital of the Bank during the financial year.

RESERVES, PROVISIONS AND ALLOWANCES

There were no material transfers to or from reserves or provisions or allowances during the year other than as those disclosed in Notes 4, 5, 7, 9, 21, 24, 28 and the statements of changes in equity of the financial statements.

COMPLIANCE WITH BANK NEGARA MALAYSIA'S EXPECTATIONS ON FINANCIAL REPORTING

In preparation of the financial statements, the Directors have taken reasonable steps to ensure that Bank Negara Malaysia's expectations on financial reporting have been complied with, including those as set out in Guidelines on Financial Reporting for Islamic Banking Institutions and the Guidelines on Classification and Impairment Provisions for Loans/Financing.

OTHER STATUTORY INFORMATION

- (a) Before the statements of financial position and income statements of the Group and of the Bank were made out, the directors took reasonable steps:
- (i) to ascertain that proper action had been taken in relation to the writing off of bad debts and the making of provision for doubtful debts and satisfied themselves that all known bad debts had been written off and that adequate provision had been made for doubtful debts; and
 - (ii) to ensure that any current assets which were unlikely to realise their value as shown in the accounting records in the ordinary course of business had been written down to an amount which they might be expected so to realise.
- (b) At the date of this report, the directors are not aware of any circumstances which would render:
- (i) the amount written off for bad debts or the amount of the provision for doubtful debts in the financial statements of the Group and of the Bank inadequate to any substantial extent; and
 - (ii) the values attributed to the current assets in the financial statements of the Group and of the Bank misleading.
- (c) At the date of this report, the directors are not aware of any circumstances which have arisen which would render adherence to the existing method of valuation of assets or liabilities of the Group and of the Bank misleading or inappropriate.

KUWAIT FINANCE HOUSE (MALAYSIA) BERHAD

**(200401033666) (672174-T)
(Incorporated in Malaysia)**

OTHER STATUTORY INFORMATION (Cont'd.)

- (d) At the date of this report, the directors are not aware of any circumstances not otherwise dealt with in this report or the financial statements of the Group and of the Bank which would render any amount stated in the financial statements misleading.
- (e) As at the date of this report, there does not exist:
- (i) any charge on the assets of the Group or of the Bank which has arisen since the end of the financial year which secures the liabilities of any other person; or
 - (ii) any contingent liability of the Group and of the Bank which has arisen since the end of the financial year.
- (f) In the opinion of the directors:
- (i) no contingent liability or other liability has become enforceable or is likely to become enforceable within the period of twelve months after the end of the financial year which will or may affect the ability of the Group and of the Bank to meet its obligations as and when they fall due; and
 - (ii) no item, transaction or event of a material and unusual nature has arisen in the interval between the end of the financial year and the date of this report which is likely to affect substantially the results of the operations of the Group or of the Bank for the financial year in which this report is made.

SIGNIFICANT AND SUBSEQUENT EVENTS

The significant and subsequent events during the financial year are as disclosed in Note 44 to the financial statements.

BUSINESS PLAN FOR 2022

The Bank will continue to focus on achieving sustainable performance, managing asset quality and optimise costs. The core business strategies will remain unchanged and the Bank will continue to organically grow its business through its identified target markets despite challenges faced in the economic conditions. Hence, the Bank will continue to focus on plans to manage the Bank's asset quality and earning sustainability.

KUWAIT FINANCE HOUSE (MALAYSIA) BERHAD
(200401033666) (672174-T)
(Incorporated in Malaysia)

OUTLOOK FOR 2022

The Malaysian economy is expected to expand between 5.0% to 6.5% in 2022. The country's strong economic fundamentals and well-diversified economy will help to support its economic growth as well as driven by the positive spillovers from continued improvements in external demand, but again depending on the pandemic situation.

Nevertheless, the monetary policy is expected to remain supportive of economic growth whilst ensuring price stability in 2022. Inflation dynamics are also expected to favour a more accommodative monetary policy stance for Malaysia going into 2022.

Further resumption of economic activities, continued policy support and strength of external demand will be the major factors affecting the Malaysian economy in 2022. However, the risk related to Covid-19, financial markets stability and supply chain disruptions will be the key challenges affecting global economic situations. Despite a challenging domestic and external environment, the Malaysian economy is likely to remain positive in 2022.

KUWAIT FINANCE HOUSE (MALAYSIA) BERHAD

(200401033666) (672174-T)
(Incorporated in Malaysia)

REPORT OF SHARIAH COMMITTEE

In the name of Allah, the most Beneficent, the most Merciful.

Praise to Allah, the Lord of the Worlds and peace and blessings be upon our Prophet Muhammad (PBUH), his family and companions.

Assalamualaikum Warahmatullahi Wabarakatuh.

Kuwait Finance House (Malaysia) Berhad's Board of Directors are responsible for ensuring that the Bank conducts its business in accordance with Shariah advice and ruling of its Shariah Committee and Bank Negara Malaysia's Shariah Advisory Council ("SAC"). The Shariah Committee comprises of four (4) qualified Shariah scholars who are appointed by the Board as the term approved by Bank Negara Malaysia (BNM) as follows:

- (a) Sheikh Prof. Dr. Mohammad Abdul Razaq Al-Tabtabae (Chairman)
- (b) Sheikh Assoc. Prof. Dr. Anwar Shuaib Abdulsalam (Member)
- (c) Sheikh Prof. Dr. Mubarak Jaza' Ashban Al-Harbi (Member)
- (d) Sheikh Isa Abdulla Yusuf Dowaishan (Member)

As the Shariah Committee for Kuwait Finance House (Malaysia) Berhad ("the Bank"), it is our responsibility to form our independent opinion, based on our review of the operations of the Bank, and to report to you. Our duties and responsibilities include, among others;

- (a) To advise the Board of Directors on Shariah matters in order to ensure that the business operations of the Bank comply with the Shariah principles at all times;
- (b) To evaluate and endorse sample of contracts and agreements of the Bank's transactions;
- (c) To clarify Shariah rulings in relation to the Bank's transactions as observed by the Committee based on what was referred to them by the Board of Directors, the Chairman or the Shariah Division;
- (d) To present Shariah's views to the Board of Directors in relation to any matter raised in regards to the transactions of the Bank;
- (e) To confirm that the Bank's transactions and contracts are in compliance with Shariah via reports submitted by the Shariah Advisor/Shariah Division to the Shariah Committee on a periodic basis, explaining the activities and the implementation of the fatwa and rulings issued by the Shariah Committee. The Shariah Committee shall rectify any shortcomings to ensure its conformity to Shariah.

KUWAIT FINANCE HOUSE (MALAYSIA) BERHAD

(200401033666) (672174-T)
(Incorporated in Malaysia)

REPORT OF SHARIAH COMMITTEE (CONT'D.)

- (f) To provide written Shariah opinion. The Shariah Committee is required to record any opinion given. In particular, the Shariah Committee shall prepare written Shariah opinions in the following circumstances:
- (i) when the Bank makes reference to the Shariah Advisory Council ("SAC") of Bank Negara Malaysia for advice; and
 - (ii) when the Bank submits applications to Bank Negara Malaysia for the approval of new products in accordance with guidelines on product approval issued by Bank Negara Malaysia.
- (g) To review annual financial statements of the Bank.

To achieve this compliance assurance, the Shariah Committee held 6 meetings and issued 8 notes, in which we have reviewed and approved the policies, products and the contracts relating to the transactions and applications undertaken by the Bank and its subsidiaries ("the Group") during the year ended 31 December 2021.

We have obtained all information and explanations which we consider necessary in order to provide us with sufficient evidence to give reasonable assurance that the Bank has not violated the Shariah rules and principles in all transactions that had been presented to us.

We have also conducted our review to form an opinion as to whether the Bank has complied with Shariah rules and principles. The Shariah Division had conducted its Shariah review on randomly selected samples of all operations and transactions of the Bank with the shareholders, investors and others in accordance with the Annual Shariah Review plan for all the Bank's departments and its subsidiaries. The Shariah Committee has also received the periodic reports that the Shariah Review Department has prepared about the Shariah Review process and operations, site visits and the compliance status of the process and implementation of the resolutions and recommendations issued by the Bank's Shariah Committee.

Through the process and steps that we followed to ascertain the compliance of the Bank to the Shariah rules, we confirm the following:

- (a) the contracts, transactions and dealings entered into by the Bank and the Group during the year ended 31 December 2021 that we have reviewed are in compliance with Shariah rules, principles, resolutions and recommendations of the Bank's Shariah Committee;
- (b) the allocation of profits and losses relating to investment accounts conform to the basis that had been approved by us in accordance with Shariah rules and principles;
- (c) all earnings that have been realised from sources or by means prohibited by Shariah rules and principles, have been put aside in a separate account for channeling to charitable causes; and
- (d) the calculation of Zakat is in compliance with Shariah rules and principles; and
- (e) any known non compliance with Shariah and action taken to remedy such non compliance has been addressed adequately.

KUWAIT FINANCE HOUSE (MALAYSIA) BERHAD
(200401033666) (672174-T)
(Incorporated in Malaysia)

REPORT OF SHARIAH COMMITTEE (CONT'D.)

This opinion is rendered based on what has been presented to us by the Management of the Bank and its Shariah Division.

We pray to Allah the Almighty to grant us success and the path of straight-forwardness.

Wassalamualaikum Wa Rahmatullahi Wabarakatuh.

**Independent auditors' report to the member of
Kuwait Finance House (Malaysia) Berhad
(Incorporated in Malaysia)**

Report on the audit of the financial statements

Opinion

We have audited the financial statements of Kuwait Finance House (Malaysia) Berhad, which comprise the statements of financial position as at 31 December 2021 of the Group and of the Bank, and the income statements, statements of comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Bank for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, as set out on pages 46 to 244.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Group and of the Bank as at 31 December 2021, and of their financial performance and their cash flows for the year then ended in accordance with Malaysian Financial Reporting Standards ("MFRS"), International Financial Reporting Standards ("IFRS") and the requirements of the Companies Act 2016 in Malaysia.

Emphasis of matter

We draw attention to Note 3.4 (b) (i), Note 4 and Note 46 to the financial statements. The Bank's correspondent account maintained with an international bank in the United States of America is subject to an ex parte writ of execution from a third party. As a result, the Bank's access to that account with a balance of RM105.1 million as at 31 December 2021 is currently restricted (no withdrawal allowed). Our opinion is not modified in respect of this matter.

Basis for opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the *Auditors' responsibilities for the audit of the financial statements* section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence and other ethical responsibilities

We are independent of the Group and of the Bank in accordance with the By-Laws (on Professional Ethics, Conduct and Practice) of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

(200401033666) (672174-T)

**Independent auditors' report to the member of
Kuwait Finance House (Malaysia) Berhad (cont'd.)
(Incorporated in Malaysia)**

Information other than the financial statements and auditors' report thereon

The directors of the Bank are responsible for the other information. The other information comprises the information included in the Statement of Corporate Governance and Directors' Report, but does not include the financial statements of the Group and of the Bank and our auditors' report thereon.

Our opinion on the financial statements of the Group and of the Bank does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Group and of the Bank, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Group and of the Bank or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the directors for the financial statements

The directors of the Bank are responsible for the preparation of financial statements of the Group and of the Bank that give a true and fair view in accordance with MFRS, IFRS and the requirements of the Companies Act 2016 in Malaysia. The directors are also responsible for such internal control as the directors determine is necessary to enable the preparation of financial statements of the Group and of the Bank that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Group and of the Bank, the directors are responsible for assessing the Group's and the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or the Bank or to cease operations, or have no realistic alternative but to do so.

(200401033666) (672174-T)

**Independent auditors' report to the member of
Kuwait Finance House (Malaysia) Berhad (cont'd.)
(Incorporated in Malaysia)**

Auditors' responsibilities for the audit of financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Group and of the Bank as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements of the Group and of the Bank, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's and the Bank's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's or the Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Group and of the Bank or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group or the Bank to cease to continue as a going concern.

(200401033666) (672174-T)

**Independent auditors' report to the member of
Kuwait Finance House (Malaysia) Berhad (cont'd.)
(Incorporated in Malaysia)**

Auditors' responsibilities for the audit of financial statements (cont'd.)

- Evaluate the overall presentation, structure and content of the financial statements of the Group and of the Bank, including the disclosures, and whether the financial statements of the Group and of the Bank represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the financial statements of the Group. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Other matters

The report is made solely to the member of the Bank, as a body, in accordance with Section 266 of the Companies Act, 2016 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

1 PRINCIPAL ACTIVITIES AND GENERAL INFORMATION

The Bank is principally engaged in the provisions of Islamic banking business as allowed under the Islamic Financial Services Act, 2013. The principal activities of the subsidiaries are the provisions of offshore banking and nominees services. During the financial year, the Bank's subsidiary involved in offshore banking commenced member's voluntary liquidation.

The Bank is a licensed Islamic Bank under the Islamic Financial Services Act 2013, incorporated and domiciled in Malaysia. The registered office of the Bank is located at Level 26, Menara Prestige, No. 1, Jalan Pinang, P.O.Box 10103, 50450 Kuala Lumpur, Malaysia.

The holding company of the Bank is Kuwait Finance House K.S.C.P., a Kuwaiti Shareholding Public Company, incorporated in Kuwait on 23 March 1977 and is registered as an Islamic Bank with the Central Bank of Kuwait. The registered office of Kuwait Finance House K.S.C.P. is located at Al-Qebila, Block 10, Abdullah Al-Mubarak Street, Building # 4, P.O. Box: 24989, Safat 13110, State of Kuwait.

The financial statements were authorised for issue by the Board of Directors in accordance with a resolution of the directors on 10 February 2022.

2 BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS

The financial statements of the Group and of the Bank have been prepared in accordance with Malaysian Financial Reporting Standards ("MFRS"), International Financial Reporting Standards ("IFRS") and the requirements of the Companies Act, 2016 in Malaysia.

The financial statements of the Group and of the Bank have been prepared on historical basis except as disclosed in Note 3.3 Summary of significant accounting policies.

The Group and the Bank present the statements of financial position in order of liquidity. An analysis regarding the recovery of settlement within 12 months after the reporting date (current) and more than 12 months after the reporting date (non-current) is presented in Note 47(b).

Certain qualitative disclosures under MFRS 7 Financial Instruments: Disclosures about the nature and extent of risks and capital management disclosures under MFRS 101 Presentation of Financial Statements (Revised) have been included in the audited parts of the "Risk Management" section in the Statement of Corporate Governance.

The financial statements are presented in Ringgit Malaysia (RM) and all values are rounded to the nearest thousand (RM'000) except where otherwise indicated.

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

3 SIGNIFICANT ACCOUNTING POLICIES

3.1 Changes in Accounting Policies

The accounting policies adopted are consistent with those of the previous financial year except as follows:

Description	Effective for financial periods beginning on or after
Interest Rate Benchmark Reform—Phase 2 (Amendments to MFRS 9, MFRS 139, MFRS 7, MFRS 4 and MFRS 16)	1 January 2021
Covid-19 Related Rent Concessions (Amendment to MFRS 16)	1 April 2021

The adoption of the MFRSs and amendment to MFRSs above did not have any material impact on the financial statements of the Group and Bank in the current financial year.

3.2 Standards issued but not yet effective

The standards and interpretations that are issued but not yet effective up to the date of issuance of the Group's and the Bank's financial statements are disclosed below. The Group and the Bank intend to adopt these standards, if applicable, when they become effective.

Description	Effective for annual periods beginning on or after
Amendment to MFRS 1 First-time Adoption of Malaysian Financial Reporting Standards	1 January 2022
Amendments to MFRS 3 Business Combinations	1 January 2022
Amendments to MFRS 9 Financial Instruments	1 January 2022
Amendments to MFRS 116 Property, Plant and Equipment—Proceeds before Intended Use	1 January 2022
Amendments to MFRS 137 Onerous Contracts—Cost of Fulfilling a Contract	1 January 2022
MFRS 17 Insurance Contracts	1 January 2023

The adoption of the amendments when they become effective is not expected to have any material impact on the financial statements of the Group and the Bank.

KUWAIT FINANCE HOUSE (MALAYSIA) BERHAD

(200401033666) (672174-T)
(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

3 SIGNIFICANT ACCOUNTING POLICIES (Cont'd.)

3.3 Summary of Significant Accounting Policies

(a) Subsidiaries and Basis of Consolidation

(i) Subsidiaries

Subsidiaries are entities over which the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee);
- Exposure, or rights, to variable returns from its involvement with the investee; and
- The ability to use its power over the investee to affect its returns.

When the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee;
- Rights arising from other contractual arrangements; and
- The Group's voting rights and potential voting rights.

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control.

In the Bank's separate financial statements, investment in subsidiaries is stated at cost less impairment losses. On disposal of such investment, the difference between the net disposal proceeds and their carrying amount is included in income statements.

(ii) Basis of Consolidation

The consolidated financial statements comprise the financial statements of the Bank and its subsidiaries as at the reporting date. The financial statements of the subsidiaries are prepared for the same reporting date as the Bank.

KUWAIT FINANCE HOUSE (MALAYSIA) BERHAD

(200401033666) (672174-T)
(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

3 SIGNIFICANT ACCOUNTING POLICIES (Cont'd.)

3.3 Summary of Significant Accounting Policies (Cont'd.)

(a) Subsidiaries and Basis of Consolidation (Cont'd.)

(ii) Basis of Consolidation (Cont'd.)

Subsidiaries are consolidated from the date of acquisition, being the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases. In preparing the consolidated financial statements, intragroup balances, transactions and unrealised gains or losses are eliminated in full. Uniform accounting policies are adopted in the consolidated financial statements for like transactions and events in similar circumstances.

Non-controlling interests ("NCI") represent the portion of profit or loss and net assets in subsidiaries not owned, directly or indirectly by the Bank. NCI are presented separately in the consolidated income statements and statements of comprehensive income and within equity in the consolidated statement of financial position, but separate from parent shareholders' equity. Total comprehensive income is allocated against the interest of NCI, even if this results in a deficit balance. Acquisition of NCI are accounted for using the parent entity extension method, whereby the difference between the consideration and the fair value of the share of the net assets acquired is recognised as equity.

A change in the ownership interest of a subsidiary, without loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- Derecognises the assets (including goodwill) and liabilities of the subsidiary at their carrying amounts;
- Derecognises the carrying amount of any non-controlling interest in the former subsidiary;
- Derecognises the cumulative foreign exchange translation differences recorded in equity;
- Recognises the fair value of the consideration received;
- Recognises the fair value of any investment retained in the former subsidiary;
- Recognises any surplus or deficit in the profit or loss; and
- Reclassifies the parent's share of components previously recognised in other comprehensive income to profit or loss or retained earnings, if required in accordance with other MFRSs.

All of the above will be accounted for from the date when control is lost.

KUWAIT FINANCE HOUSE (MALAYSIA) BERHAD

(200401033666) (672174-T)
(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

3 SIGNIFICANT ACCOUNTING POLICIES (Cont'd.)

3.3 Summary of Significant Accounting Policies (Cont'd.)

(b) Financial Assets

(i) Recognition and initial measurement

The Group and the Bank initially recognise all regular way purchases and sales of financial assets on the trade date, i.e. that the Group and the Bank commits to purchase or sell the assets. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame generally established by regulation or convention in the market place.

A financial asset is measured initially at fair value plus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition or issue.

(ii) Classification

The Group and the Bank have applied MFRS 9 and classify their financial assets in the following measurement categories:

- Fair value through profit or loss (FVTPL);
- Fair value through other comprehensive income (FVOCI); or
- Amortised cost.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and profit on the principal amount outstanding.

A debt instrument is measured at FVOCI only if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and profit on the principal amount outstanding.

KUWAIT FINANCE HOUSE (MALAYSIA) BERHAD

(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

3 SIGNIFICANT ACCOUNTING POLICIES (Cont'd.)

3.3 Summary of Significant Accounting Policies (Cont'd.)

(b) Financial Assets (Cont'd.)

(ii) Classification (Cont'd.)

On initial recognition of an equity investment that is not held for trading, the Group and the Bank may irrevocably elect to present subsequent changes in fair value in OCI. This election is made on an investment-by-investment basis. All other financial assets are classified as measured at FVTPL.

In addition, on initial recognition, the Group and the Bank may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost at FVOCI or as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Business model assessment

The Group and the Bank make an assessment of the objective of a business model in which an asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

- the stated policies and objectives for the portfolio and the operation of those policies in practice. In particular, whether management's strategy focuses on earning contractual profit income, maintaining a particular profit rate profile, matching the duration of the financial assets to the duration of the liabilities that are funding those assets or realising cash flows through the sale of the assets;
- how the performance of the portfolio is evaluated and reported to the Group and the Bank's management;
- the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed;
- how managers of the business are compensated – e.g. whether compensation is based on the fair value of the assets managed or the contractual cash flows collected; and
- the frequency, volume and timing of sales in prior periods, the reasons for such sales and its expectations about future sales activity. However, information about sales activity is not considered in isolation, but as part of an overall assessment of how the Group and the Bank's stated objective for managing the financial assets is achieved and how cash flows are realised.

Financial assets that are held for trading or managed and whose performance is evaluated on a fair value basis are measured at FVTPL because they are neither held to collect contractual cash flows nor held both to collect contractual cash flows and to sell financial assets.

KUWAIT FINANCE HOUSE (MALAYSIA) BERHAD

(200401033666) (672174-T)
(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

3 SIGNIFICANT ACCOUNTING POLICIES (Cont'd.)

3.3 Summary of Significant Accounting Policies (Cont'd.)

(b) Financial Assets (Cont'd.)

(ii) Classification (Cont'd.)

Assessment whether contractual cash flows are solely payments of principal and profit ("SPPP")

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Profit' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as profit margin.

In assessing whether the contractual cash flows are solely payments of principal and profit, the Group and the Bank consider the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making the assessment, the Group and the Bank consider:

- contingent events that would change the amount and timing of cash flows;
- leverage features;
- prepayment and extension terms;
- terms that limit the Group and the Bank's claim to cash flows from specified assets (e.g. non-recourse asset arrangements); and
- features that modify consideration of the time value of money – e.g. periodical reset of interest rates.

Reclassifications

Financial assets are not reclassified subsequent to their initial recognition, except in the period after the Group or the Bank changes its business model for managing financial assets.

(iii) Derecognition

A financial asset is derecognised when the contractual right to receive the cash flows from the asset has expired. When debt securities at OCI are derecognised, the cumulative gain or loss previously recognised in OCI is reclassified to profit or loss and recognised in "Net gains and losses on financial instruments".

Any cumulative gain/loss recognised in OCI in respect of equity investment securities designated as at FVOCI is not recognised in profit or loss on derecognition of such securities. Any interest in transferred financial assets that qualify for derecognition that is created or retained by the Bank is recognised as a separate asset or liability.

KUWAIT FINANCE HOUSE (MALAYSIA) BERHAD

(200401033666) (672174-T)
(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

3 SIGNIFICANT ACCOUNTING POLICIES (Cont'd.)

3.3 Summary of Significant Accounting Policies (Cont'd.)

(b) Financial Assets (Cont'd.)

(iv) Modifications of financial assets

If the cash flows of the modified asset carried at amortised cost are not substantially different, then the modification does not result in derecognition of the financial asset. In this case, the Group and the Bank recalculate the gross carrying amount of the financial asset and recognises the amount arising from adjusting the gross carrying amount as a modification gain or loss in profit or loss. If such a modification is carried out because of financial difficulties of the borrower, then the gain or loss is presented together with impairment losses. In other cases, it is presented as profit income.

(v) Impairment

MFRS 9 requires the Group and the Bank to record expected credit losses on all of its debt securities, financing, advances and other receivables either on a 12-month or lifetime basis. The guiding principle of the expected credit loss ("ECL") model is to reflect the general pattern of deterioration or improvement in the credit quality of financial instruments. The amount of ECLs to be recognised as a loss allowance or provision depends on the extent of the credit deterioration since initial recognition. The extent of credit deterioration helps define the credit stage of an obligor and hence the loss allowance.

Under MFRS 9, the Group and the Bank will use a three stage approach in recognising the increased credit risk at each higher stage:

Stage 1 refers to all accounts which have not shown any sign of deterioration since origination. All accounts which have been identified as Low Credit Risk ("LCR") (under low credit risk expedient) shall be classified as Stage 1 without periodic check for significant increase in credit risk.

Stage 2 refers to all accounts which have shown a significant deterioration in credit quality since origination. The definition of a significant deterioration is subject to assessment on an ad-hoc/annual basis. Lifetime losses are computed for all accounts classified under Stage 2.

Stage 3 refers to all impaired assets (purchased impaired and original credit impaired assets). Lifetime losses are computed for all accounts classified as Stage 3.

KUWAIT FINANCE HOUSE (MALAYSIA) BERHAD

(200401033666) (672174-T)
(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

3 SIGNIFICANT ACCOUNTING POLICIES (Cont'd.)

3.3 Summary of Significant Accounting Policies (Cont'd.)

(b) Financial Assets (Cont'd.)

(v) Impairment (cont'd.)

MFRS 9 requires 12 month expected credit loss provision for all accounts in Stage 1 and lifetime expected credit losses for all other accounts. The 12 month credit loss refers to the portion of expected credit loss resulting from possible default events within 12 months after reporting date. Lifetime losses result from all possible default events over the expected life of the financial instrument after the reporting date. The lifetime refers to the financing tenure of the financial instrument.

The Bank recognises loss allowances for ECL on the following financial instruments that are not measured at FVTPL:

- financing, advances and other receivables;
- financial assets that are debt instruments;
- financial guarantee contracts issued; and
- financing commitments issued.

The Bank measures loss allowances at an amount equal to lifetime ECL, except for the following, for which they are measured as 12-month ECL:

- debt investment securities that are determined to have low credit risk at the reporting date; and
- other financial instruments (other than lease receivables) on which credit risk has not increased significantly since their initial recognition.

The Group and the Bank considers a debt security to have low credit risk when their credit risk rating is equivalent to the globally understood definition of 'investment grade'.

12-month ECL are the portion of ECL that result from default events on a financial instrument that are possible within the 12 months after the reporting date.

KUWAIT FINANCE HOUSE (MALAYSIA) BERHAD

(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

3 SIGNIFICANT ACCOUNTING POLICIES (Cont'd.)

3.3 Summary of Significant Accounting Policies (Cont'd.)

(b) Financial Assets (Cont'd.)

(v) Impairment (cont'd.)

Measurement of ECL

ECL are a probability-weighted estimate of credit losses. They are measured as:

- financial assets that are not credit-impaired at the reporting date: as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the Group or the Bank expect to receive);
- financial assets that are credit-impaired at the reporting date: as the difference between the gross carrying amount and the present value of estimated future cash flows;
- undrawn financing commitments: as the present value of the difference between the contractual cash flows that are due to the Group or the Bank if the commitment is drawn down and the cash flows that the Group or the Bank expect to receive; and
- financial guarantee contracts: the expected payments to reimburse the holder less any amounts that the Bank expects to recover.

Restructured financial assets

If the terms of a financial asset are renegotiated or modified or an existing financial asset is replaced with a new one due to financial difficulties of the borrower, then an assessment is made of whether the financial asset should be derecognised and ECL are measured as follows:

- If the expected restructuring will not result in derecognition of the existing asset, then the expected cash flows arising from the modified financial asset are included in calculating the cash shortfalls from the existing asset.
- If the expected restructuring will result in derecognition of the existing asset, then the expected fair value of the new asset is treated as the final cash flow from the existing financial asset at the time of its derecognition. This amount is included in calculating the cash shortfalls from the existing financial asset that are discounted from the expected date of derecognition to the reporting date using the original effective interest rate of the existing financial asset.

KUWAIT FINANCE HOUSE (MALAYSIA) BERHAD

(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

3 SIGNIFICANT ACCOUNTING POLICIES (Cont'd.)

3.3 Summary of Significant Accounting Policies (Cont'd.)

(b) Financial Assets (Cont'd.)

(v) Impairment (cont'd.)

Credit-impaired financial assets

At each reporting date, the Bank assesses whether financial assets carried at amortised cost and debt financial assets carried at FVOCI are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:

- significant financial difficulty of the borrower or issuer;
- a breach of contract such as a default or past due event;
- the restructuring of a financing or advance by the Group or the Bank on terms that the Group or the Bank would not consider otherwise;
- it is becoming probable that the borrower will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market for a security because of financial difficulties.

A financing receivable that has been renegotiated due to a deterioration in the borrower's condition is usually considered to be credit-impaired unless there is evidence that the risk of not receiving contractual cash flows has reduced significantly and there are no other indicators of impairment. In addition, a retail financing that is overdue for 90 days or more is considered impaired.

In making an assessment of whether an investment in sovereign debt is credit-impaired, the Group or the Bank considers the following factors:

- The market's assessment of creditworthiness as reflected in the bond yields.
- The rating agencies' assessments of creditworthiness.
- The country's ability to access the capital markets for new debt issuance.

KUWAIT FINANCE HOUSE (MALAYSIA) BERHAD

(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

3 SIGNIFICANT ACCOUNTING POLICIES (Cont'd.)

3.3 Summary of Significant Accounting Policies (Cont'd.)

(b) Financial Assets (Cont'd.)

(v) Impairment (cont'd.)

Presentation of allowance for ECL in the statements of financial position

Loss allowances for ECL are presented in the statements of financial position as follows:

- financial assets measured at amortised cost: as a deduction from the gross carrying amount of the assets;
- financing commitments and financial guarantee contracts: generally, as a provision;
- where a financial instrument includes both a drawn and an undrawn component, and the Bank cannot identify the ECL on the financing commitment component separately from those on the drawn component: the Bank presents a combined loss allowance for both components. The combined amount is presented as a deduction from the gross carrying amount of the drawn component. Any excess of the loss allowance over the gross amount of the drawn component is presented as a provision; and
- debt instruments measured at FVOCI: no loss allowance is recognised in the statements of financial position because the carrying amount of these assets is their fair value. However, the loss allowance is disclosed and is recognised in the FVOCI reserve.

Write-off

Financing receivables and debt securities are written off (either partially or in full) when there is no realistic prospect of recovery. This is generally the case when the Group or the Bank determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Group or the Bank's procedures for recovery of amounts due.

KUWAIT FINANCE HOUSE (MALAYSIA) BERHAD

(200401033666) (672174-T)
(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

3 SIGNIFICANT ACCOUNTING POLICIES (Cont'd.)

3.3 Summary of Significant Accounting Policies (Cont'd.)

(c) Financial liabilities

Deposits from customers, deposits and placements of banks and financial institutions are measured at amortised cost. With the exception of hedging financial instruments and gold deposits, the Group and the Bank do not have any financial liabilities classified at FVTPL.

The Group and the Bank derecognises a financial liability when its terms are modified and the cash flows of the modified liability are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in profit or loss.

(d) Provision for Liabilities

Provision for liabilities are recognised when the Group and the Bank have a present obligation as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate of the amount can be made.

Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate. Where the effect of the time value of money is material, the amount of the provision is the present value of the expenditure expected to be required to settle the obligation.

(e) Fair value measurement

The Group measures financial instruments such as security carried at FVOCI, FVTPL and hedging financial instruments at fair value at each reporting date.

Financial instruments such as those categorized as securities and financing, advances and other receivables are measured at amortised cost.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

KUWAIT FINANCE HOUSE (MALAYSIA) BERHAD

(200401033666) (672174-T)
(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

3 SIGNIFICANT ACCOUNTING POLICIES (Cont'd.)

3.3 Summary of Significant Accounting Policies (Cont'd.)

(e) Fair value measurement (Cont'd.)

The principal or the most advantageous market must be accessible to by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The Group does not have any non-financial instruments that are measured at fair value as at reporting date.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All financial assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy described in Note 43.

(f) Leases

The Bank assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

To assess whether a contract conveys the right to control use of an identified asset for a period of time, the Bank assesses whether, throughout the period of use, the Bank has both of the following:

- (a) The right to obtain substantially all of the economic benefits from use of the identified asset; and
- (b) The right to direct the use of the identified asset.

The Bank recognises Lease Liabilities to make lease payments and Right-Of-Use Assets representing the right to use the underlying assets.

KUWAIT FINANCE HOUSE (MALAYSIA) BERHAD

(200401033666) (672174-T)
(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

3 SIGNIFICANT ACCOUNTING POLICIES (Cont'd.)

3.3 Summary of Significant Accounting Policies (Cont'd.)

(f) Leases (Cont'd.)

(i) Right-of-Use Assets

The Bank measures the Right-of-Use Assets at cost:

- (a) Less any accumulated depreciation and accumulated impairment losses; and
- (b) Adjusted for the measurement of the Lease Liability.

The cost of Right-of-Use Assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received.

Right-of-Use Assets are depreciated on a straight line basis over the lease term.

(ii) Lease Liabilities

The Bank measures the Lease Liability at the present value of the lease payments to be made over the lease term. The lease payments are discounted using the profit rate implicit in the lease, if that rate can be readily determined. The Bank uses its incremental borrowing rate at the lease commencement date because the implicit rate is not readily determinable.

After the commencement date, the amount of Lease Liabilities is increased to reflect the accretion of the profit and reduced for the lease payments made.

The carrying amount of the Lease Liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments or a change in the assessment of an option to purchase the underlying asset. When the lease liability is remeasured, the corresponding adjustment is reflected in the Right-of-Use Asset, or profit and loss if the Right-of-Use Asset is already zero.

(iii) Short term leases and leases of low value assets

The Bank applies the short-term lease recognition exemption to its short-term leases of office equipment (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). The Bank also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be low value. Lease payments on short-term leases and leases of low value assets are recognised as expense on a straight-line basis over the lease term.

KUWAIT FINANCE HOUSE (MALAYSIA) BERHAD

(200401033666) (672174-T)
(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

3 SIGNIFICANT ACCOUNTING POLICIES (Cont'd.)

3.3 Summary of Significant Accounting Policies (Cont'd.)

(f) Leases (Cont'd.)

(iv) Presentation in the Statements of Cash Flows

The Bank discloses the cash payment for leases as follows:

- (a) Cash payments for the principal portion of the lease liability are presented within financing activities.
- (b) Cash payments for profit expense portion of the lease liabilities are presented as Finance Cost.
- (c) Lease payments for short-term leases and leases of low-value assets not recognised on the statements of financial position are presented within operating activities.

(g) Property and Equipment, and Depreciation

All items of property and equipment are initially recorded at cost. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the Bank and the cost of the item can be measured reliably. The carrying amount of the replaced parts is derecognised. All other repairs and maintenance are charged to the income statements during the financial period in which they are incurred.

Subsequent to recognition, property and equipment except for work-in-progress are stated at cost less accumulated depreciation and any accumulated impairment losses.

Work-in-progress are not depreciated as these assets are not available for use. Depreciation of other property and equipment is provided for on a straight-line-basis to write off the cost of each asset to its residual value over the estimated useful life, as follows:

Renovation	5 years
Furniture and fittings	5 years
Office equipment	5 years
Computer hardware*	3 - 15 years
Motor vehicles	5 years

KUWAIT FINANCE HOUSE (MALAYSIA) BERHAD

(200401033666) (672174-T)
(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

3 SIGNIFICANT ACCOUNTING POLICIES (Cont'd.)

3.3 Summary of Significant Accounting Policies (Cont'd.)

(g) Property and Equipment, and Depreciation (Cont'd.)

* Computer hardware includes:

Data Centre Structure	15 years
Computer equipment	3 - 4 years
Automated Teller Machine (ATM)	7 years
Core banking system	8 years

The residual values, useful life and depreciation method are reviewed at each financial year-end to ensure that the amount, method and period of depreciation are consistent with previous estimates and the expected pattern of consumption of the future economic benefits embodied in the items of property and equipment.

An item of property and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. The difference between the net disposal proceeds, if any and the net carrying amount is recognised in income statements.

(h) Computer software

Computer software acquired separately are measured initially at cost. The cost of computer software acquired in a business combination is their fair values as at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and any accumulated impairment losses. The useful lives of intangible assets are assessed to be either finite or infinite. Computer software with finite lives are amortised on a straight-line basis over the estimated economic useful lives and assessed for impairment whenever there is an indication that the computer software may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at each reporting date.

(i) Other Assets

Other assets are carried at anticipated realisable values. Bad debts are written off when identified. An estimate is made for doubtful debts based on a review of all outstanding amounts as at the reporting date.

KUWAIT FINANCE HOUSE (MALAYSIA) BERHAD

(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

3 SIGNIFICANT ACCOUNTING POLICIES (Cont'd.)

3.3 Summary of Significant Accounting Policies (Cont'd.)

(j) Musyarakah Capital Investment and Musyarakah Financing

The Group and the Bank grants Musyarakah financing as part of the Bank's activities in accordance with the principles of Shariah. The equity participation that forms part of the financing structure is called Musyarakah capital investment. Musyarakah capital investment is carried at fair value. Under the principle of Musyarakah, the Group and the Bank and their partners shall contribute a portion of capital and the proportion of profit to be distributed between the partners must be mutually pre-agreed upon inception of the contract. In view of the Group and the Bank acting as financiers to the project, Musyarakah financing is carried as financing receivable in the financial statements of the Group and of the Bank. The profit on Musyarakah financing is recognised over the term of the contract based on estimated internal rate of return of the project.

(k) Income Tax

(i) Current tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted by the reporting date.

Current taxes are recognised in income statements except to the extent that the tax relates to items recognised outside income statements, either in other comprehensive income or directly in equity.

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

3 SIGNIFICANT ACCOUNTING POLICIES (Cont'd.)

3.3 Summary of Significant Accounting Policies (Cont'd.)

(k) Income Tax (Cont'd.)

(ii) Deferred tax

Deferred tax is provided using the liability method on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes. Deferred tax liabilities are recognised for all temporary differences, except:

- where the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- in respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised except:

- where the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- in respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax assets to be utilised. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the year when the asset is realised or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted at the reporting date.

KUWAIT FINANCE HOUSE (MALAYSIA) BERHAD

(200401033666) (672174-T)
(Incorporated in Malaysia)

3 SIGNIFICANT ACCOUNTING POLICIES (Cont'd.)

3.3 Summary of Significant Accounting Policies (Cont'd.)

(k) Income Tax (Cont'd.)

(ii) Deferred tax (Cont'd.)

Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity and deferred tax arising from a business combination is adjusted against goodwill on acquisition. Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

(l) Revenue Recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the Bank and the revenue can be reliably measured. The following specific criteria must also be met before revenue is recognised:

(i) Finance Income Recognition

Finance income is recognised on an effective yield basis. Income on cash line, house and term financing are accounted for by reference to the rest periods as stipulated in the financing agreement, which are either daily or monthly. Income on Musyarakah and Mudharabah financing are recognised based on estimated internal rate of return.

Murabahah

Murabahah income is recognised on effective profit rate basis over the period of the contract based on the principal amounts outstanding.

Ijarah Muntahia Bittamlik/ Al-Ijarah Thumma Al-Bai'

Ijarah income is recognised on effective profit rate basis over the lease term.

Customers' accounts are classified as impaired where repayments are in arrears for more than three months from the first day of default for financing and one month after maturity date for trade bills and other instruments of similar nature.

KUWAIT FINANCE HOUSE (MALAYSIA) BERHAD

(200401033666) (672174-T)
(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

3 SIGNIFICANT ACCOUNTING POLICIES (Cont'd.)

3.3 Summary of Significant Accounting Policies (Cont'd.)

(l) Revenue Recognition (Cont'd.)

(ii) Fee and Other Income Recognition

Financing arrangement, management and participation fees, underwriting commissions and brokerage fees are recognised as income based on contractual arrangements. Due to the short term nature of financial guarantees issued by the Group and the Bank, guarantee fee (administrative fee) is recognised as income upon issuance of the guarantee. Fees from advisory and corporate finance activities are recognised net of service taxes and discounts on completion of each stage of the assignment. Other fees and commissions on services and facilities extended to customers are recognised on inception of such transactions.

Dividend income from subsidiary and other investments are recognised when the Group's and the Bank's right to receive payment is established.

(m) Profit Expense Recognition

Attributable profit expense on deposits and financing of the Group and the Bank under non-mudharabah, mudharabah and murabahah deposits are recognised on an accrual basis.

(n) Effective Profit Method

Profit income and expense are recognised in income statement using the effective profit method. The 'effective profit rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument to:

- the gross carrying amount of the financial asset; or
- the amortised cost of the financial liability.

When calculating the effective profit rate for financial instruments other than credit-impaired assets, the Bank estimates future cash flows considering all contractual terms of the financial instrument, but not expected credit losses. For credit-impaired financial assets, a credit-adjusted effective profit rate is calculated using estimated future cash flows including expected credit losses.

The calculation of the effective profit rate includes transaction costs and fees and points paid or received that are an integral part of the effective profit rate. Transaction costs include incremental costs that are directly attributable to the acquisition or issue of a financial asset or financial liability.

KUWAIT FINANCE HOUSE (MALAYSIA) BERHAD

(200401033666) (672174-T)
(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

3 SIGNIFICANT ACCOUNTING POLICIES (Cont'd.)

3.3 Summary of Significant Accounting Policies (Cont'd.)

(n) Effective Profit Method (Cont'd.)

Amortised cost and gross carrying amount

The 'amortised cost' of a financial asset or financial liability is the amount at which the financial asset or financial liability is measured on initial recognition minus the principal repayments, plus or minus the cumulative amortisation using the effective profit method of any difference between that initial amount and the maturity amount and, for financial assets, adjusted for any expected credit loss allowance or impairment allowance.

The 'gross carrying amount of a financial asset' is the amortised cost of a financial asset before adjusting for any expected credit loss allowance.

(o) Presentation of profit income and expense

Profit income and expense presented in the income statements and OCI include:

- profit on financial assets and financial liabilities measured at amortised cost calculated on an effective profit basis;
- profit on debt instruments measured at FVOCI calculated on an effective profit basis; and
- the effective portion of fair value changes in qualifying hedging derivatives designated in fair value hedges of profit rate risk.

Profit income and expense on all trading assets and liabilities are considered to be incidental to the Bank's trading operations and are presented together with all other changes in the fair value of trading assets and liabilities in net trading income.

Profit income and expense on other financial assets and financial liabilities at FVTPL are presented in net income from other financial instruments at FVTPL.

(p) Foreign Currencies

(i) Functional and Presentational Currency

The individual financial statements of each entity in the Group are measured using the currency of the primary economic environment in which the entity operates ("the functional currency"). The consolidated financial statements are presented in Ringgit Malaysia (RM), which is also the Bank's functional currency.

KUWAIT FINANCE HOUSE (MALAYSIA) BERHAD

(200401033666) (672174-T)
(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

3 SIGNIFICANT ACCOUNTING POLICIES (Cont'd.)

3.3 Summary of Significant Accounting Policies (Cont'd.)

(p) Foreign Currencies (Cont'd.)

(ii) Foreign Currency Transactions

In preparing the financial statements of the individual entities, transactions in currencies other than the Bank's functional currency (foreign currencies) are recorded in the functional currencies using the exchange rates prevailing at the dates of the transactions. At each reporting date, monetary items denominated in foreign currencies are translated at the rates prevailing on the reporting date. Non-monetary items carried at fair value that are denominated in foreign currencies are translated at the rates prevailing on the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not translated.

Exchange differences arising on the settlement of monetary items, and on the translation of monetary items, are included in income statement for the period except for exchange differences arising on monetary items that form part of the Group's net investment in foreign operations. These are initially taken directly to the foreign currency translation reserve within equity until the disposal of the foreign operations, at which time they are recognised in profit or loss. Exchange differences arising on monetary items that form part of the Bank's net investment in foreign operation are recognised in profit or loss in the Bank's separate financial statements or the individual financial statements of the foreign operation, as appropriate.

Exchange differences arising on the translation of non-monetary items carried at fair value are included in profit or loss for the period except for the differences arising on the translation of non-monetary items in respect of which gains and losses are recognised directly in equity. Exchange differences arising from such non-monetary items are also recognised directly in equity.

(iii) Foreign Operations

The results and financial position of the subsidiaries that have functional currencies different from the presentation currency ("RM") of the consolidated financial statements are translated into RM as follows:

- (a) Assets and liabilities for each statement of financial position presented are translated at the closing rates prevailing at the reporting date;
- (b) Income and expenses for each income statement are translated at month-end exchange rates, which approximates the exchange rates at the dates of the transactions; and
- (c) All resulting exchange differences are taken to the foreign currency translation reserve in other comprehensive income.

KUWAIT FINANCE HOUSE (MALAYSIA) BERHAD

(200401033666) (672174-T)
(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

3 SIGNIFICANT ACCOUNTING POLICIES (Cont'd.)

3.3 Summary of Significant Accounting Policies (Cont'd.)

(q) Derivatives and Hedging Activities

The initial recognition of hedging financial instruments is at fair value, and subsequently remeasured at fair value with the resulting gain or loss recognised in income statements. Hedging financial instruments with positive fair values are classified as financial assets and as financial liabilities when their fair values are negative.

(i) Foreign Exchange Contracts

Foreign exchange trading positions, including spot and forward contracts, are revalued at prevailing market rates at the reporting date and the resultant gains and losses are recognised in income statements.

(ii) Profit Rate and Foreign Currency Swaps

These financial instruments are measured at fair value and are carried as assets when the fair value is positive and as liabilities when the fair value is negative. Any gain or loss arising from a change in the fair value of these financial instruments is recognised in income statements unless they are part of a hedging relationship which qualifies for hedge accounting.

(iii) Hedge documentation, effectiveness assessment, and discontinuation

At the inception of the hedge, the Bank formally designates and documents the hedging relationship to which the Group and the Bank wishes to apply hedge accounting, and the risk management objective and strategy for undertaking the hedge. That documentation shall include identification of the hedging instrument, the hedged item, the nature of the risk being hedged and how the entity will assess whether the hedging relationship meets the hedge effectiveness requirements (including its analysis of the sources of hedge ineffectiveness and how it determines the hedge ratio). Such hedges are expected to be highly effective in achieving offsetting changes in fair value or cash flows and are assessed on an ongoing basis at each reporting date or upon a significant change in the circumstances affecting the hedge effectiveness requirements, whichever comes first. The assessment relates to expectations about hedge effectiveness and is therefore only forward-looking.

When the hedging instrument or instruments have been sold or terminated, or when a hedging relationship no longer meets the risk management objective or the criteria for hedge accounting, any cumulative gain or loss that has been recognised in other comprehensive income at that time remains in other comprehensive income and is recognised when the hedged forecast transaction is ultimately recognised in the profit or loss. When a forecast transaction is no longer expected to occur, the cumulative gain or loss that was reported in other comprehensive income is immediately transferred to the profit or loss.

KUWAIT FINANCE HOUSE (MALAYSIA) BERHAD

(200401033666) (672174-T)
(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

3 SIGNIFICANT ACCOUNTING POLICIES (Cont'd.)

3.3 Summary of Significant Accounting Policies (Cont'd.)

(q) Derivatives and Hedging Activities (Cont'd.)

(iv) Fair value hedge

Where a financial instrument hedges the changes in fair value of a recognised asset or liability, any gain or loss on the hedging instrument is recognised in profit or loss. The hedged item is also stated at fair value in respect of the risk being hedged, with any gain or loss being recognised in profit or loss. For the foreign exchange contracts which are designated as the hedging instrument in the fair value hedge, the forward rate method is applied. This is when the hedged item is alternatively measured at the forward rate instead of the spot rate. The hedge is to manage the foreign currency risk arising from the Group and the Bank receiving funds in USD and SGD for its business which operates in MYR, thus hedging the fair value of the financial liabilities. Credit risks are not part of the hedging.

The effectiveness of the hedging relationship is tested prospectively and retrospectively at each reporting date using the Critical Terms Method, whereby the critical terms of both the hedging instrument and the hedged item are identical. All hedging relationships were sufficiently effective as of the reporting date.

The list of the fair value for all derivatives and fair value hedge entered by the Group and the Bank is disclosed in Note 11.

(r) Financial Guarantees and Financing Commitments

Financial guarantees' are contracts that require the Group and the Bank to make specified payments to reimburse the holder for a loss that it incurs because a specified debtor fails to make payment when it is due in accordance with the terms of a debt instrument. 'Financing commitments' are firm commitments to provide credit under pre-specified terms and conditions.

The Group and the Bank has issued no financing commitment that are measured at FVTPL.

For other financing commitments, the Group and the Bank recognise loss allowance. Those are included in Note 9 of the financial statements.

Liabilities arising from financial guarantees and financing commitments are included within provisions.

KUWAIT FINANCE HOUSE (MALAYSIA) BERHAD

(200401033666) (672174-T)
(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

3 SIGNIFICANT ACCOUNTING POLICIES (Cont'd.)

3.3 Summary of Significant Accounting Policies (Cont'd.)

(s) Employee Benefits

(i) Short-Term Benefits

Wages, salaries, bonuses and social security contributions are recognised as an expense in the financial year in which the associated services are rendered by employees of the Group and the Bank. Short-term accumulating compensated absences such as paid annual leave are recognised when services are rendered by employees that increases their entitlement to future compensated absences. Short-term non-accumulating compensated absences such as sick leave are recognised when the absences occur.

(ii) Defined Contribution Plan

Defined contribution plan is a post-employment benefit plan under which the Group and the Bank pay fixed contributions into separate entities or funds and will have no legal or constructive obligation to pay further contributions if any of the funds do not hold sufficient assets to pay all employee benefits relating to employee services in the current and preceding financial years. Such contributions are recognised as an expense in the profit or loss when incurred. As required by law, companies in Malaysia make such contributions to the Employees Provident Fund ("EPF").

(t) Zakat

This represents business zakat. It is an obligatory amount payable by the Bank to comply with the principles of Shariah. Zakat would be paid by Kuwait Finance House K.S.C who is the main shareholder of the Bank.

(u) Impairment of Non-Financial Assets

The carrying amounts of assets (other than investment in subsidiaries and deferred tax assets) are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, the asset's recoverable amount is estimated to determine the amount of impairment loss.

For the purpose of impairment testing of these assets, recoverable amount is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. If this is the case, recoverable amount is determined for the cash-generating unit ("CGU") to which the asset belongs to. Goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's CGUs, or groups of CGUs, that are expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities of the Group are assigned to those units or groups of units.

KUWAIT FINANCE HOUSE (MALAYSIA) BERHAD

(200401033666) (672174-T)
(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

3 SIGNIFICANT ACCOUNTING POLICIES (Cont'd.)

3.3 Summary of Significant Accounting Policies (Cont'd.)

(u) Impairment of Non-Financial Assets (cont'd.)

An asset's recoverable amount is the higher of an asset's or CGU's fair value less costs to sell and its value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. Impairment losses recognised in respect of a CGU or groups of CGUs are allocated first to reduce the carrying amount of any goodwill allocated to those units or groups of units and then, to reduce the carrying amount of the other assets in the unit or groups of units on a pro-rata basis.

An impairment loss is recognised in income statements in the period in which it arises, unless the asset is carried at a revalued amount, in which case the impairment loss is accounted for as a revaluation decrease to the extent that the impairment loss does not exceed the amount held in the asset revaluation reserve for the same asset.

(v) Cash and Cash Equivalents

Cash and cash equivalents include cash and bank balances and short-term deposits with contractual maturities of less than three months.

(w) Financial Risk Management Objective and Policies

The Group's and the Bank's financial risk management policy seek to ensure that adequate financial resources are available for the development of the Group's and the Bank's business whilst managing its profit rate risks (both fair value and cash flow), liquidity risk and credit risk. The Board reviews and agrees policies for managing each of these risks as disclosed in the Statement of Corporate Governance.

(x) Investment Accounts

The KFH Mudharabah Plus Account-i (the "Account(s)") is a demand investment account which is classified under the Unrestricted Investment Account ("URIA") where the customer provides the Bank with mandate to make the ultimate investment decision without specifying any particular restrictions or conditions. The KFH Mudharabah Plus Account-i is classified under the "Investment Account" classification of Islamic Financial Services Act 2013.

KUWAIT FINANCE HOUSE (MALAYSIA) BERHAD

(200401033666) (672174-T)
(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

3 SIGNIFICANT ACCOUNTING POLICIES (Cont'd.)

3.3 Summary of Significant Accounting Policies (Cont'd.)

(x) Investment Accounts (Cont'd.)

The reference to “Mudharabah” shall mean the Islamic contract of Mudharabah on an unrestricted profit sharing between the Customer(s) as owner of the capital (“Rabbul Mal”) and the Bank as the entrepreneur (“Mudharib”), whereby the Customer(s) shall place a specified sum of money with the Bank, and the Bank is entrusted to utilise the capital for investment and business relating to Shariah compliant investment and business without any specification and intervention from the Customer(s), to generate income which will be distributed according to the profit sharing ratio (“PSR”).

(y) Gold Depository

Gold depository account relates to physical gold kept and maintained for gold investment purchased when customer place deposit in gold saving account. The Bank buys and sells gold to maintain sufficient gold stock against customer gold saving account. The gold depository is carried at fair value less cost to sell.

3.4 Significant Accounting Estimates and Judgments

(a) Significant Accounting Estimates

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgement in applying the Bank’s accounting policies.

(i) Incremental Borrowing Rate

The Group and Bank cannot readily determine the profit rate implicit in the lease, therefore, the Bank uses its incremental borrowing rate (“IBR”) to measure lease liabilities. The IBR is the profit rate that the Bank would have to pay to finance over a similar term, and with a similar security, the funds necessary to obtain an asset of a similar value to the Right-of-Use Asset in similar economic environment. The IBR therefore reflect what the Bank ‘would have to pay’, which requires estimation when no observable rates are available or when the rates need to be adjusted to reflect the terms and conditions of the lease. The Bank estimates the IBR using observable input (such as market profit rate) when available and is required to make entity-specific estimates (such as the Bank’s credit rating and underlying collateral).

KUWAIT FINANCE HOUSE (MALAYSIA) BERHAD

(200401033666) (672174-T)
(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

3 SIGNIFICANT ACCOUNTING POLICIES (Cont'd.)

3.4 Significant Accounting Estimates and Judgments

(a) Significant Accounting Estimates (Cont'd.)

(ii) Impairment assessment on property and equipment, intangible assets and right of use assets

The Group and Bank review the carrying amounts of the property and equipment, intangible assets and right of use assets at each reporting date to determine whether there is any indication of impairment. If any such indication exists, the asset's recoverable amount which is the higher of its fair value less costs to sell or its value in use is estimated.

The Group and Bank carried out the impairment test based on a variety of estimation including the value-in-use of the CGU to which the property and equipment, intangible assets and right of use assets are allocated. Estimating the value-in-use requires the Group and Bank to make an estimate of the expected future cash flows from the CGU and also to choose a suitable discount rate in order to calculate the present value of those cash flows. The carrying amounts of property and equipment, intangible assets and right of use assets of the Group and Bank as at the reporting date will be disclosed in the notes to the financial statements.

(iii) Fair value estimation of securities and profit rate related contracts

Where the quoted and observable market prices of certain securities are not available, fair value is estimated using pricing models or discounted cash flow techniques. The usage of these models and techniques require the Group to make certain estimates and assumptions, including but not limited to estimated future cash flows and discount rates.

(iv) Deferred tax and income taxes

Deferred tax assets are measured and recognised based on the tax rates that are expected to apply in the period when the asset is realised. Estimates are made as to the amount of taxable profits in these periods which will enable the deferred tax assets to be realised.

(b) Significant Accounting Judgments

This note provides an overview of the areas that involve a higher degree of judgement or complexity that may have a significant risk of resulting in a material adjustment within the next financial year. Detailed information about each of these judgements is included in the related notes together with information about the basis of calculation for each affected line item in the financial statements.

KUWAIT FINANCE HOUSE (MALAYSIA) BERHAD

(200401033666) (672174-T)
(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

3 SIGNIFICANT ACCOUNTING POLICIES (Cont'd.)

3.4 Significant Accounting Estimates and Judgments (Cont'd.)

(b) Significant Accounting Judgments (Cont'd.)

(i) Significant judgements on litigation

Impairment provision, if any, arising from legal proceedings as discussed in Note 46 require a high degree of judgement. When matters are at an early stage, accounting judgement can be difficult because of the high degree of uncertainty associated with determining whether a present obligation exists, and estimating the probability and amount of any outflows that may arise. As matters progress, management and legal advisers evaluate on an ongoing basis whether any impairment provision is required against the restricted cash. Professional advice is taken on the assessment of litigation to determine whether a present obligation exists.

(ii) Determination of lease term of contracts with renewal and termination options

The Bank determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised. The Bank exercises judgement in determining whether it is reasonably certain that the lease contracts will be renewed or terminated.

(iii) Classification of investment securities

On acquisition of an investment security, the Bank decides whether it should be classified as fair value through profit or loss or fair value through other comprehensive income or financial assets to be measured at amortised cost. The Bank follows the guidance of MFRS 9 on classifying its investments.

(iv) Measurement of the expected credit loss allowance

The measurement of the expected credit loss allowance for financial assets measured at amortised cost and debt instruments at FVOCI is an area that requires the use of complex models and significant assumptions about future economic conditions and credit behaviour (e.g. the likelihood of customers defaulting and the resulting losses).

A number of significant judgements are also required in applying the accounting requirements for measuring ECL, such as:

- Determining criteria for significant increase in credit risk;
- Choosing appropriate models and assumptions for the measurement of ECL;
- Establishing the number and relative weightings of forward-looking scenarios for each type of product/market and the associated ECL; and
- Establishing groups of similar financial assets for the purposes of measuring ECL.

KUWAIT FINANCE HOUSE (MALAYSIA) BERHAD

(200401033666) (672174-T)
(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

3 SIGNIFICANT ACCOUNTING POLICIES (Cont'd.)

3.4 Significant Accounting Estimates and Judgments (Cont'd.)

(b) Significant Accounting Judgments (Cont'd.)

(v) Business models and SPPP as significant judgments

As well as ECL, determining the appropriate business models and assessing the SPPP requirements for financial assets may require significant accounting judgement and have a significant impact on the financial statements.

(vi) Deferred tax and income taxes

Significant judgment is required in estimating the provision for income taxes. There are many transactions and interpretations of tax law for which the final outcome will not be established until some time later. Liabilities for taxation are recognised based on estimates of whether additional taxes will be payable. The estimation process includes seeking advice on tax treatments where appropriate. Where the final liability for taxation is different from the amounts that were initially recorded, the differences will affect the income tax and deferred tax provisions in the period in which the estimate is revised or the final liability is established.

Deferred tax are recognised in respect of tax losses to the extent that it is probable that future tax baxable profit will be available against which the losses can be utilised. Judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and level of future taxable profits, together with future tax planning strategies.

The Bank applies significant judgement in forecasting future taxable profit up to year 2028 which allows the Bank to recognise deferred tax asset on unutilised tax losses.

ECL allowance as at 31 December 2020	25,300	-	-	25,300

8 EQUITY INSTRUMENTS MEASURED AT FVOCI

The table below shows the fair value of the Bank's equity instruments measured at FVOCI by credit risk, based on the Bank's internal credit rating system and year-end stage classification.

	Group and Bank	
	2021 RM'000	2020 RM'000
Musyarakah Capital Investment	-	18

The Bank grants Musyarakah financing as part of the Bank's activities in accordance with the principles of Shariah. The equity participation that forms part of the financing structure is called Musyarakah capital investment which is carried at fair value. The Bank's participation in the entities involved is limited to safeguarding its interest under the Musyarakah financing. The exposure on the Musyarakah contract is fully settled in April 2021.

11 HEDGING FINANCIAL INSTRUMENTS

Group and Bank	Notional Amount RM'000	Fair Value	
		Assets RM'000	Liabilities RM'000
2021			
Forward foreign exchange related contracts	691,650	5,805	5,517
- in connection with fair value hedges	198,094	663	375
- other derivatives without a hedging relationship	493,556	5,142	5,142
Total	691,650	5,805	5,517
2020			
Forward foreign exchange related contracts	764,070	7,310	8,661
- in connection with fair value hedges	269,926	327	1,661
- other derivatives without a hedging relationship	494,144	6,983	7,000
Total	764,070	7,310	8,661

The Bank's derivatives designated for fair value hedges consists of forward foreign exchange related contracts that are used to protect against exposures to variability in foreign currency exchange rates. This hedging strategy is applied towards interbank borrowings and corporate customer deposits. The changes in the fair value of the forward foreign exchange contract and interbank borrowings or corporate customer deposits are recognised in the income statements. The measurement of the hedged item results in a net loss of RM1,563,117 recorded as accrued FX swap cost as at 31 December 2021 (2020: Net loss of RM2,083,319).

(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

17 DEFERRED TAXATION (Cont'd.)

Unutilised tax losses

At the reporting date, the Group and the Bank recognised deferred tax asset on the following temporary difference:

	Group	
	2021 RM'000	2020 RM'000
Unutilised tax losses	33,333	73,417
	33,333	73,417

The deferred tax assets have been recognised as at 31 December 2021 as the directors are of the view that it is probable for the Group to realise the deferred tax asset.

In evaluating the ability to realise the deferred tax assets, the Group relies principally on forecasted taxable income using historical and projected future operating results and the reversal of existing temporary differences within ten years horizon.

At the reporting date the Group are yet to recognised the deferred tax asset in respect of the following items:

	Group	
	2021 RM'000	2020 RM'000
Unutilised tax losses	665,755	763,548
	665,755	763,548

The unutilised tax losses above are available for offset against future taxable profits of the Bank and the subsidiaries respectively up to year of assessment 2028.

The availability of unutilised tax losses of the Group for offsetting against future taxable profits of the companies in which the losses arose, for which no deferred tax assets is recognised due to uncertainty in its recoverability, are subject to no substantial changes in shareholding of these subsidiaries under the Income Tax Act 1967 and other guidelines issued by the tax authority.

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

24 RESERVES (Cont'd.)

The nature and purpose of each category of reserve are as follows:

(i) Statutory reserve

The statutory reserve is maintained in compliance with Capital Funds for Islamic Banks Guideline issued on 1 July 2013 and is not distributable as cash dividends.

(ii) Exchange fluctuation reserve

This reserve comprises all foreign exchange differences arising from the translation of the financial statements of subsidiaries.

(iii) FVOCI Reserve

This reserve represents the difference between fair value of the securities and their costs determined as at the statements of financial position date, excluding the amount relating to impaired securities.

Movements of the FVOCI reserve are as follows:

	Group		Bank	
	2021 RM'000	2020 RM'000	2021 RM'000	2020 RM'000
At 1 January	191,502	117,800	191,502	117,800
Net unrealised (loss)/gain on financial assets at FVOCI	(122,779)	79,801	(122,779)	79,801
Net realised gain on financial assets at FVOCI reclassified to the income statements	(8,174)	(6,099)	(8,174)	(6,099)
Changes in allowances for expected credit losses	(20,584)	-	(20,584)	-
At 31 December	39,965	191,502	39,965	191,502

25 OPERATING REVENUE

Operating revenue of the Group comprises all types of revenue derived from the business of banking but excluding all transactions between related companies.

Operating revenue of the Bank comprises financing income, fee and commission income, investment income, trading income, gross dividends and other income derived from banking operations.

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

38 RELATED PARTY TRANSACTIONS (Cont'd.)

(c) Credit transactions and exposures with connected parties (Cont'd.)

	2020			Total non-performing credit exposure RM'000
	Total outstanding value RM'000	Total number of accounts	Total exposure * RM'000	
Financing, credit facility and leasing (except guarantee)	111,861	1	111,861	-
Off-balance sheet exposures	600	1	600	-
	112,461	2	112,461	-
Total exposure to connected parties as % capital base			6.7%	0.0%
Total exposure to connected parties as % of total outstanding credit exposures			1.3%	0.0%

* Included total outstanding and unutilised limit.

The credit exposure above are derived based on para 9.1 of Bank Negara Malaysia's revised Guidelines on Credit Transaction and Exposures with Connected Parties.

Based on these guidelines, a connected party refers to the following:

- (i) Directors of the Bank and their close relatives;
- (ii) Controlling shareholder and his close relatives;
- (iii) Executive officer, being a member of management having authority and responsibility of planning, directing and/or controlling the activities of the Bank, and his close relatives;
- (iv) Officers who are responsible for or have the authority to appraise and/or approve credit transactions or review the status of existing credit transactions, either as a member of a committee or individually, and their close relatives;
- (v) Firms, partnerships, companies or any legal entities which control, or are controlled by any person listed in (i) to (iv) above, or in which they have an interest, as a director, partner, executive officer, agent or guarantor, and their subsidiaries or entities controlled by them;
- (vi) Any person for whom the persons listed in (i) to (iv) above is a guarantor; and
- (vii) Subsidiary of or an entity controlled by the Bank and its connected parties.

Credit transactions and exposures to connected parties as disclosed above includes the extension of credit facilities and/or off-balance sheet credit exposures such as guarantees, trade-related facilities and financing commitments.

(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

39 COMMITMENTS AND CONTINGENCIES (Cont'd.)

(a) Commitments and contingencies (Cont'd.)

To meet the financial needs of customers, the Bank enters into various irrevocable commitments and contingent liabilities. These consist of financial guarantees, letters of credit and other commitments to lend. Even though these obligations may not be recognised on the statement of financial position, they contain credit risk and, therefore, form part of the overall risk of the Bank.

Letters of credit and guarantees (including standby letters of credit) commit the Bank to make payments on behalf of customers in the event of a specific act, generally related to the import or export of goods. Guarantees and standby letters of credit carry a similar credit risk to financing. The nominal values of such commitments are listed below:

	Group and Bank	
	2021	2020
	RM'000	RM'000
Financial guarantees	36,395	52,262
Letters of credit	97,271	110,370
Other undrawn commitments	247,807	401,550
Total commitment	381,473	564,182
Less : ECL allowance	(3,663)	(3,663)
	<u>377,810</u>	<u>560,519</u>

The credit equivalent and risk-weighted amounts are computed in accordance with Bank Negara Malaysia's Capital Adequacy Framework for Islamic Banks ("CAFIB").

Market risk

Market risk is the potential change in value caused by movement in market rates or prices. The contractual amounts stated above provide only a measure of involvement in these types of transactions and do not represent the amounts subject to market risk.

Credit risk

Credit risk is the risk that a counterparty will be unable to meet the terms of a contract in which the Bank has a gain position. As at 31 December 2021, the amount of credit risk in the Group and in the Bank, measured in terms of the cost to replace the profitable contracts, was RM5,805,274 (2020: RM7,310,323). This amount will increase or decrease over the life of the contracts, mainly as a function of maturity dates and market rates or prices.

41 CAPITAL ADEQUACY

The Group has adopted Bank Negara Malaysia's Capital Adequacy Framework for Islamic Banks ("CAFIB") guidelines to further improve capital adequacy assessment; enhance risk management processes, measurements and management capabilities; as well as to promote thorough and transparent reporting.

For the purpose of the computation of capital adequacy ratios, the Group has adopted the Standardised Approach for Credit Risk and Market Risk, and the Basic Indicator Approach for Operational Risk. The definition and classification of the counterparty, exposure and asset types applied for the purpose of Capital Adequacy's reports are as per the Bank Negara Malaysia's CAFIB.

In addition, the Bank has also provided detailed Capital Adequacy disclosures as per the requirements stipulated in Bank Negara Malaysia CAFIB - Disclosures Requirements (Pillar 3) guidelines.

(a) The capital adequacy ratios of the Group and the Bank as at 31 December, are as follows:

	Group		Bank	
	2021	2020	2021	2020
CET 1/ Tier 1 capital ratio				
Credit risk	43.231%	39.250%	42.804%	38.883%
Credit, market, operational and large exposure risks	38.502%	35.672%	38.004%	35.277%
Total capital ratio/ Risk-weighted capital ratio				
Credit risk	44.481%	40.500%	44.054%	40.133%
Credit, market, operational and large exposure risks	39.615%	36.808%	39.114%	36.411%

41 CAPITAL ADEQUACY (Cont'd.)

(g) The risk-weighted assets and capital requirements for the various categories of risk under market risk are as follows:

Group and Bank	2021		2020	
	Risk-Weighted Assets Equivalent RM'000	Capital Required RM'000	Risk-Weighted Assets Equivalent RM'000	Capital Required RM'000
Foreign Exchange Risk	6,023	482	6,645	532
Total	6,023	482	6,645	532

42 SEGMENT INFORMATION

Segment information is presented in respect of the Group's business and geographical segments.

The primary format, the business segment information, is prepared based on internal management reports, which are used by senior management for decision making and performance management. The amounts for each business segment are shown after the allocation of certain centralised cost, funding income and the applicable transfer pricing where appropriate. Transactions between segments are recorded within the segment as if they are third party transactions and are eliminated on consolidation. All inter-segment transactions are conducted at arm's length basis on normal commercial terms that are not more favourable than those generally available to public.

Segment results, assets and liabilities include items directly attributable to a segment as well as those that can be allocated on a reasonable basis.

Segment capital expenditure comprises additions to property and equipment.

(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

42 SEGMENT INFORMATION (Cont'd.)

(a) Primary Segment - By Business Segments:

The Group comprises the following main business segments:

(i) Treasury and Capital Market

The treasury and capital market operations are involved in proprietary trading in treasury related products and services such as foreign exchange, money market operations and securities trading and Ijarah rental swap.

(ii) Corporate and Investment Banking

The corporate and investment banking operations focus on business needs to large corporate customers, primarily public listed companies as well as financial institutions. The products and services offered to customers include direct financing, advisory banking service, equity financing, Islamic securities/sukuk issuance, syndicated financing, mergers and acquisition advisory services and debt restructuring advisory services.

(iii) Commercial Banking

Commercial banking operation provides a full range of financial services to customers, primarily non-public listed companies as well as small and medium sized enterprises. The products and services offered include long and short term financing such as working capital financing, asset financing, project financing as well as trade financing.

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

43 FAIR VALUES OF FINANCIAL ASSETS AND LIABILITIES

Determination of fair value and fair value hierarchy

The Bank uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets and liabilities;

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly; and

Level 3: techniques which use inputs which have a significant effect on the recorded fair value that are not based on observable market data.

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

43 FAIR VALUES OF FINANCIAL ASSETS AND LIABILITIES (Cont'd.)

Determination of fair value and fair value hierarchy (Cont'd.)

Financial instruments comprise financial assets and financial liabilities. The fair value of a financial instrument is the amount at which the instrument could be exchanged or settled between knowledgeable and willing parties in an arm's length transaction, other than in a forced or liquidation sale. The information presented herein represents best estimates of fair values of financial instruments at the reporting date.

The estimated fair values of those on-balance sheets financial assets and financial liabilities as at the reporting date approximate their carrying amounts as shown in the statement of financial position, except for the following assets and liabilities:

	Group			
	2021		2020

(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

43 FAIR VALUES OF FINANCIAL ASSETS AND LIABILITIES (Cont'd.)

Determination of fair value and fair value hierarchy (Cont'd.)

The following methods and assumptions used to estimate the fair values of the following classes of financial instruments:

(a) Cash and Short-Term Funds

The carrying amount approximates fair value due to the relatively short maturity of the financial instruments.

(b) Deposits and Placements with Banks and Other Financial Institutions

The fair values of those financial instruments with remaining maturities of less than one year approximate their carrying values due to their relatively short maturities. For those financial instruments with maturities of more than one year, the fair values are estimated based on discounted cash flows using applicable prevailing market rates of similar remaining maturities at the reporting date. As at the reporting date, all deposits and placements with banks and other financial institutions have maturity less than one year.

(c) Hedging Financial Instruments

Derivatives products valued using a valuation technique with market observable inputs are mainly ijarah rental swaps and promissory foreign exchange contracts. The most frequently applied valuation techniques include forward pricing and swap models, using present value calculations. The models incorporate various inputs including the credit quality of counterparties, foreign exchange spot and forward rates and interest rate curves.

KUWAIT FINANCE HOUSE (MALAYSIA) BERHAD

(200401033666) (672174-T)
(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

43 FAIR VALUES OF FINANCIAL ASSETS AND LIABILITIES (Cont'd.)

Determination of fair value and fair value hierarchy (Cont'd.)

(d) Financing, Advances and Other Receivables

The fair values of variable rate financing are estimated to approximate their carrying values. For fixed rate financing, the fair values are estimated based on expected future cash flows of contractual instalment payments, discounted at applicable and prevailing rates at reporting date offered for similar facilities to new customers with similar credit profiles. In respect of impaired financing, the fair values are deemed to approximate the carrying values which are net of impairment allowances.

(e) Deposits from Customers, Deposits and Placement of Banks and Other Financial Institutions

The fair values of deposits payable on demand and deposits and placements with maturities of less than one year approximate their carrying values due to the relatively short maturity of these instruments. The fair values of fixed deposits and placements with remaining maturities of more than one year are estimated based on discounted cash flows using applicable rates currently offered for deposits and placements with similar remaining maturities. As at the reporting date, all deposits and placements of banks and other financial institutions have maturity less than one year. Included in the deposits from customers are gold deposits on demand which are fair valued based on mark-to-market price.

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

44 SIGNIFICANT EVENTS DURING THE YEAR AND SUBSEQUENT EVENTS AFTER THE REPORTING DATE

(a) Significant events during the year

Measures announced by Bank Negara Malaysia ("BNM") to assist individuals, small-medium enterprise ("SMEs") and microenterprises affected by COVID-19

During the financial year ended 31 December 2021, BNM had announced the extension of regulatory measures to facilitate financing repayment assistance to customers affected by the COVID-19 pandemic in line with the Government economic stimulus packages. The support measures include the following:

(i) Enhanced targeted repayment assistance under Perlindungan Ekonomi dan Rakyat Malaysia ("PERMAI")

An extension of Targeted Repayment Assistance ("TRA") under PERMAI was announced on 18 January 2021. The extension applied to all TRA schemes announced previously where customers can apply for 3-month deferment of instalment or a 50% reduction in their monthly instalment payment for a period of 6 months. The TRA was applicable to all B40 (who registered in Bantuan Sara Hidup ("BSH") or Bantuan Prihatin Rakyat ("BPR")), M40 (who are recipient of Bantuan Prihatin Nasional ("BPN")) and microenterprises with financing facilities not more than RM150,000 whose financing were approved on or before 30 September 2020 and not in arrears for more than 90 days.

(ii) Targeted repayment assistance under Program Strategik Memperkasa Rakyat dan Ekonomi Tambahan ("PEMERKASA+")

TRA under PEMERKASA+ was announced on 31 May 2021. The TRA was applicable to all customers who have lost their employment, B40 customers registered under BSH/BPR, SMEs and microenterprises with financing facilities not more than RM150,000 whose financing were approved on or before 30 June 2021 and not in arrears for more than 90 days. All these affected customers may opt for 3-month deferment of instalment or a 50% reduction in their monthly instalment payment for a period of 6 months.

(iii) Six-month moratorium under Perlindungan Rakyat dan Pemulihan Ekonomi ("PEMULIH")

The six-month moratorium under PEMULIH was announced on 28 June 2021. The moratorium applies to ringgit and foreign currency denominated financing approved on or before 30 June 2021, not in arrears exceeding 90 days and customers must not be adjudicated bankrupts or under bankruptcy proceedings. All individual, SMEs and microenterprises may opt for 6-month deferment of instalment or 50% reduction in their monthly instalment payment for a period of 6 months. There will be no compounding profit and any penalty profit during the moratorium period.

(iv) Financial management and resilience programme (URUS)

Pursuant to the statement issued by the Prime Minister on 13 October 2021, banking industry, represented collectively by The Association of Banks in Malaysia ("ABM"), Association of Islamic Banking and Financial Institutions Malaysia ("AIBIM") and Association of Development Finance Institutions of Malaysia ("ADFIM") had on 14 October 2021 announced its continued support to individual customers. The Bank has worked alongside with Agensi Kaunseling dan Pengurusan Kredit ("AKPK") to offer a comprehensive extended financial assistance scheme called Financial Management and Resilience Programme ("URUS").

KUWAIT FINANCE HOUSE (MALAYSIA) BERHAD

(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

44 SIGNIFICANT EVENTS DURING THE YEAR AND SUBSEQUENT EVENTS AFTER THE REPORTING DATE (Cont'd.)

Measures announced by Bank Negara Malaysia ("BNM") to assist individuals, small-medium enterprise ("SMEs") and microenterprises affected by COVID-19 (Cont'd.)

(iv) Financial management and resilience programme (URUS) (Cont'd)

The scheme is open to individual customers, on application, who are under an existing repayment assistance (e.g. Targeted Repayment Assistance, PEMERKASA+, PEMULIH, the Bank's own rescheduling and restructuring, etc.) as at 31 December 2021 and meet the following criteria:

- a) From B50 income segment i.e. customer with household income of RM5,880 or lower based on definition by the Department of Statistic of Malaysia;
- b) Have experience either loss of employment or reduction of income of at least 50%; and
- c) Whose financing is still performing (not in arrears exceeding 90 days) as at the date of their application.

Under URUS, AKPK will provide the customer with a personalised financial plan that encompass the following options:

- a) An interest/profit waiver for a period of 3 months, commencing the month following the customer's on boarding into the scheme; or
- b) A 3-month profit waiver together with reduced instalments for a period of up to 24 months. This option will also benefit customers with unsecured financing and credit cards.

Individual customers who fulfil the abovementioned criteria can apply for URUS effective 15 November 2021 until 31 January 2022.

As at 31 December 2021, 5 applications with total outstanding balance of RM 444,155 received with 1 case approved by AKPK, 1 case pending approval from AKPK, 1 case rejected due to NPF accounts and 2 cases counter offered with PEMULIH program. Bank will recognise the modification loss upon affecting the new repayment schedule in core banking system.

As at 31 December 2021, 3940 affected accounts under Repayment Assistance Programme (RAP) announced by government from January to December 2021 amounting to RM630.5mil as at 31 December 2021. Bank does not incurred any modification loss except for those accounts that falls under rescheduled approach. Bank has allocated additional ECL under management overlays to cater for uncertainty and high credit risk attached to accounts under RAP in view of financial difficulty and cashflow distress.

KUWAIT FINANCE HOUSE (MALAYSIA) BERHAD

(200401033666) (672174-T)
(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

44 SIGNIFICANT EVENTS DURING THE YEAR AND SUBSEQUENT EVENTS AFTER THE REPORTING DATE (Cont'd.)

(a) Credit risk monitoring, stress testing and classification in the Central Credit Reference Information System ("CCRIS")

The repayment assistance/moratorium does not automatically result in a stage transfer under MFRS 9 in the absence of other factors indication evidence of significant increase in credit risk ("SICR"). The Bank will continue to apply judgement and perform more holistic assessment of all relevant indicator and information such as historical repayment and delinquency trend in determining SICR.

The financing that are approved under repayment assistance on or before 31 December 2021 are exempted to be reported as rescheduling and restructuring ("R&R") in CCRIS. However, the Group and the Bank are required to report the credit-impaired status consistently with the accounting classification.

(b) Subsequent events after the reporting date

There were no material events subsequent to the statements of financial position date that requires disclosure or adjustments to the financial statements.

45 HOLDING COMPANY

The holding company for the Bank is Kuwait Finance House K.S.C, a licensed Islamic Bank incorporated in Kuwait.

46 LITIGATION

An ex parte writ of execution was issued by a US District Court against the Bank's correspondent account maintained with an international bank in the United States of America ("the Defendant") ("the Claim"). As a result, the Bank's access to the said account is currently restricted (no withdrawal allowed) as disclosed in Note 4. The Claim is made by the Plaintiffs to enforce a judgment they have successfully obtained against a third party ("the Third Party") who is not related to the Defendant and the Bank. The Plaintiffs have alleged that the Bank is an agent/instrumentality of the Third Party. The Bank is of the opinion that the allegation made by the Plaintiffs is groundless and accordingly the Bank intervened in the Claim to apply for the writ of execution to be dismissed. However, the US District Court ruled against the Bank's application. The Bank has appealed to the US appeal court, and this appeal is at an early procedural stage. No impairment provision has been recognised in the financial statements in respect of the Claim as the directors are of the opinion that the Claim can be successfully dismissed.

KUWAIT FINANCE HOUSE (MALAYSIA) BERHAD

(200401033666) (672174-T)

(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

47 FINANCIAL RISK MANAGEMENT

The following section discusses the Bank's risk management policies. The measurement of Expected Credit Loss ("ECL") under MFRS9 uses the information and approaches that the Bank uses to manage credit risk, though certain adjustments are made in order to comply with the MFRS9 requirements.

As an Islamic Bank with diverse financial product offerings, the Group and the Bank are exposed to different types of financial risks arising from their financial instruments. Financial risks encompass credit risks, liquidity risks and market risks. Due to these, risk management is integral to the Bank's operation.

The main financial risks affecting the Group and the Bank are discussed further as follows:

(a) Credit Risk

Credit risk is the risk of suffering financial loss, should any of the Bank's customers, clients or market counterparties fail to fulfil their contractual obligations to the Bank. Credit risk arises mainly from interbank, corporate and consumer financing and advances, and commitments arising from such financing activities, but can also arise from credit enhancement provided, such as financial guarantees and letters of credit.

The Bank is also exposed to other credit risks arising from investments in securities and other exposures arising from its trading activities ('trading exposures') including non-equity trading portfolio assets and derivatives as well as settlement balances with market counterparties.

Credit risk is the single largest risk for the Bank's business; management therefore carefully manages its exposure to credit risk. The credit risk management and control are centralised in credit risk management team which reports regularly to the Board of Directors and head of each business unit.

KUWAIT FINANCE HOUSE (MALAYSIA) BERHAD

(200401033666) (672174-T)
(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

47 FINANCIAL RISK MANAGEMENT (Cont'd.)

(a) Credit Risk (Cont'd.)

(i) Expected credit loss ("ECL") measurement

MFRS 9 outlines a three-stage model for impairment based on changes in credit quality since initial recognition as summarised below:

- A financial instrument that is not credit-impaired on initial recognition is classified in Stage 1 and has its credit risk continuously monitored by the Bank.
- If a significant increase in credit risk ("SICR") since initial recognition is identified, the financial instrument is moved to Stage 2 but is not yet deemed to be credit-impaired. Note 47(a)(i)(iii) describe how the Bank determines when a significant increase in credit risk has occurred.
- If the financial instrument is credit-impaired, the financial instrument is then moved to Stage 3. Note 47(a)(i)(iv) describe how the Bank defines credit-impaired and default.
- Financial instruments in Stage 1 have their ECL measured at an amount equal to the portion of lifetime expected credit losses that result from default events possible within the next 12 months. Instruments in Stages 2 or 3 have their ECL measured based on expected credit losses on a lifetime basis. Note 47(a)(i)(v) describe the inputs, assumptions and estimation techniques used in measuring the ECL.
- A pervasive concept in measuring ECL in accordance with MFRS 9 is that it should consider forward-looking information. Note 47(a)(i)(vi) describe how the Bank has incorporated this in its ECL models.

Further explanation is also provided of how the Bank determines appropriate groupings when ECL is measured on a collective basis.

(i) Credit risk grades

The Bank allocates each exposure to a credit risk grade based on a variety of data that is determined to be predictive of the risk of default and applying experienced credit judgement. Credit risk grades are defined using qualitative and quantitative factors that are indicative of risk of default. These factors vary depending on the nature of the exposure and the type of borrower. A master scale is a scale of credit risk grades, typically denominated by a combination of numbers, letters or both, which represent the relative credit risk assigned to each class or grade.

Credit risk grades are defined and calibrated such that the risk of default occurring increases exponentially as the credit risk deteriorates so, for example, the difference in risk of default between credit risk grades 1 and 2 is smaller than the difference between credit risk grades 2 and 3.

KUWAIT FINANCE HOUSE (MALAYSIA) BERHAD

(200401033666) (672174-T)
(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

47 FINANCIAL RISK MANAGEMENT (Cont'd.)

(a) Credit Risk (Cont'd.)

(i) Expected credit loss ("ECL") measurement (Cont'd.)

(i) Credit risk grades (Cont'd.)

Each exposure is allocated to a credit risk grade at initial recognition based on available information about the customer. Exposures are subject to ongoing monitoring, which may result in an exposure being moved to a different credit risk grade. The monitoring typically involves use of the following data.

Non - Retail exposures	Retail exposures	All exposures
<p>Information obtained during periodic review of customer files – e.g. audited financial statements, management accounts, budgets and projections. Examples of areas of particular focus are: gross profit margins, financial leverage ratios, debt service coverage, compliance with covenants, quality of management, senior management changes.</p> <p>Data from credit reference agencies, press articles, changes in external credit ratings.</p> <p>Actual and expected significant changes in the political, regulatory and technological environment of the borrower or in its business activities.</p>	<p>Internally collected data on customer behaviour.</p> <p>Any other information about the customers which impacts the creditworthiness – e.g. unemployment, previous delinquency.</p>	<p>Payment record – this includes overdue status as well as a range of variables about payment ratios.</p> <p>Utilisation of the granted limit.</p> <p>Requests for and granting of forbearance.</p> <p>Existing and forecast changes in business, financial and economic conditions.</p>

The Bank's rating method comprises 7 rating levels for instruments not in default (1 to 7) and one default class (8). The master scale assigns each rating category a specified range of probabilities of default, which is stable over time. The rating methods are subject to an annual validation and recalibration so that they reflect the latest projections in the light of all actual observed defaults.

(i) Credit risk grades (Cont'd.)

Credit rating mapping table

This provides useful information to users of the financial statements in understanding the Bank's risk management practices and evaluating the nature of risks arising from financial instruments. The Bank's internal rating scale and mapping of external ratings are set out below:

Description of the grade	Bank rating	Moody's Rating	PD
High grade	1 to 4-	Aaa to Baa3	0.03% to 0.82%
Standard grade	5 to 7-	Ba1 to Caa3	1.14% to 21.58%
Default	=8 or >8	Ca, C	100.00%

(ii) Generating the term structure of Probability of Default ("PD")

Credit risk grades are a primary input into the determination of the term structure of PD for exposures. The Bank collects performance and default information about its credit risk exposures analysed by jurisdiction or region and by type of product and customer as well as by credit risk grading.

The Bank employs statistical models to analyse the data collected and generate estimates of the remaining lifetime PD of exposures and how these are expected to change as a result of the passage of time.

This analysis includes the identification and calibration of relationships between changes in default rates and changes in key macro-economic factors as well as in-depth analysis of the impact of certain other factors (e.g. forbearance experience) on the risk of default.

For exposures to specific industries and/or regions, the analysis may extend to relevant commodity and/or real estate prices. Based on advice from the Bank Market Risk Committee and economic experts and consideration of a variety of external actual and forecast information, the Bank formulates a 'base scenario' of the future direction of relevant economic variables as well as a representative range of other possible forecast scenarios (see discussion below on incorporation of forward-looking information). The Bank then uses these forecasts to adjust its estimates of PDs.

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

47 FINANCIAL RISK MANAGEMENT (Cont'd.)

(a) Credit Risk (Cont'd.)

(i) Expected credit loss ("ECL") measurement (Cont'd.)

(iii) Significant increase in credit risk ("SICR")

The Bank considers a financial instrument to have experienced a significant increase in credit risk when one or more of the following quantitative, qualitative or backstop criteria have been met:

Quantitative criteria:

The criteria for determining whether credit risk has increased significantly vary by portfolio and include quantitative changes in PDs and qualitative factors, including a backstop based on delinquency. The credit risk of a particular exposure is deemed to have increased significantly since initial recognition if, based on the Bank's quantitative modelling, the remaining lifetime PD is determined to have increased by more than (a predetermined percentage/range).

Using its expert credit judgement and, where possible, relevant historical experience, the Bank may determine that an exposure has undergone a significant increase in credit risk based on particular qualitative indicators that it considers are indicative of such and whose effect may not otherwise be fully reflected in its quantitative analysis on a timely basis.

As a backstop, the Bank considers that a significant increase in credit risk occurs no later than when an asset is ≥ 30 days past due ("DPD"). Days past due are determined by counting the number of days since the earliest elapsed due date in respect of which full payment has not been received. Due dates are determined without considering any grace period that might be available to the customer.

Quantitative criteria for determining the significant increase in credit risk are summarised in the below table:

Portfolio	Method	
	DPD	Rating degradation
Non- Retail	30	Please refer the below Rating Degradation table
Retail	30	Not Applicable

The Bank monitors the effectiveness of the criteria used to identify significant increases in credit risk by regular reviews to confirm that the criteria are capable of identifying significant increase in credit risk before an exposure is in default.

KUWAIT FINANCE HOUSE (MALAYSIA) BERHAD

(200401033666) (672174-T)
(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

47 FINANCIAL RISK MANAGEMENT (Cont'd.)

(a) Credit Risk (Cont'd.)

(i) Expected credit loss ("ECL") measurement (Cont'd.)

(iii) Significant increase in credit risk ("SICR") (cont'd.)

Criteria under Stage 3 highlighted as follows: (Cont'd.)

Qualitative criteria:

For Retail portfolios, if the customer meets one or more of the following criteria:

- In short-term forbearance
- Extension to the terms granted
- Previous arrears within the last 12 month

For Non retail and Treasury portfolios, if the customer is on the Watchlist and/or the instrument meets one or more of the following criteria:

- Significant increase in credit spread
- Significant adverse changes in business, financial and/or economic conditions in which the customer operates
- Actual or expected forbearance or restructuring
- Actual or expected significant adverse change in operating results of the customer
- Significant change in collateral value (secured facilities only) which is expected to increase risk of default
- Early signs of cash flow/liquidity problems such as delay in servicing of trade creditors/loans

For treatment of Low Credit Risk ("LCR") practical expedient the Bank will maintain a higher threshold of externally rated, Aa- and above as the cut-off grade for applying LCR.

The assessment of SICR incorporates forward-looking information and is performed on a quarterly basis at a portfolio level for all Retail financial instruments held by the Bank. In relation to Non-Retail and Treasury financial instruments, where a Watchlist is used to monitor credit risk, this assessment is performed at the counterparty level and on a periodic basis.

(iv) Definition of default and credit-impaired assets

The Bank defines a financial instrument as in default, which is fully aligned with the definition of credit-impaired.

The Bank considers a financial asset to be in default when:

- the customer is unlikely to pay its credit obligations to the Bank in full, without recourse by the Bank to take actions such as realising security (if any is held); or
- the customer is past due more than 90 days on any material credit obligation to the Bank. Overdrafts are considered as being past due once the customer has breached an advised limit or been advised of a limit smaller than the current amount outstanding.

KUWAIT FINANCE HOUSE (MALAYSIA) BERHAD

(200401033666) (672174-T)
(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

47 FINANCIAL RISK MANAGEMENT (Cont'd.)

(a) Credit Risk (Cont'd.)

(i) Expected credit loss ("ECL") measurement (Cont'd.)

(iv) Definition of default and credit-impaired assets (Cont'd.)

In assessing whether a customer is in default, the Bank considers indicators that are:

- qualitative – e.g. breaches of covenant;
- quantitative – e.g. overdue status and non-payment on another obligation of the same issuer to the Bank; and
- based on data developed internally and obtained from external sources.

Inputs into the assessment of whether a financial instrument is in default and their significance may vary over time to reflect changes in circumstances.

The definition of default largely aligns with that applied by the Bank for regulatory capital purposes.

(v) Measuring ECL – Explanation of inputs, assumptions and estimation techniques

The key inputs into the measurement of ECL are the term structure of the following variables:

- Probability of Default ("PD");
- Loss Given Default ("LGD");
- Exposure at Default ("EAD");

These parameters are generally derived from internally developed statistical models and other historical data. They are adjusted to reflect forward-looking information as described above.

PD estimates are estimates at a certain date, which are calculated based on statistical rating models, and assessed using rating tools tailored to the various categories of counterparties and exposures. These statistical models are based on internally compiled data comprising both quantitative and qualitative factors. Where it is available, market data may also be used to derive the PD for large corporate counterparties. If a counterparty or exposure migrates between rating classes, then this will lead to a change in the estimate of the associated PD. PDs are estimated considering the contractual maturities of exposures and estimated prepayment rates.

LGD represents the Bank's expectation of the extent of loss on a defaulted exposure. LGD varies by type of counterparty, type and seniority of claim and availability of collateral or other credit support. LGD is expressed as a percentage loss per unit of exposure at the time of default (EAD). LGD is calculated on a 12-month or lifetime basis, where 12-month LGD is the percentage of loss expected to be made if the default occurs in the next 12 months and Lifetime LGD is the percentage of loss expected to be made if the default occurs over the remaining expected lifetime of the financing.

KUWAIT FINANCE HOUSE (MALAYSIA) BERHAD

(200401033666) (672174-T)
(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

47 FINANCIAL RISK MANAGEMENT (Cont'd.)

(a) Credit Risk (Cont'd.)

(i) Expected credit loss ("ECL") measurement (Cont'd.)

(v) Measuring ECL – Explanation of inputs, assumptions and estimation techniques (Cont'd.)

EAD represents the expected exposure in the event of a default. The Bank derives the EAD from the current exposure to the counterparty and potential changes to the current amount allowed under the contract including amortisation. The EAD of a financial asset is its gross carrying amount. For lending commitments and financial guarantees, the EAD includes the amount drawn, as well as potential future amounts that may be drawn under the contract, which are estimated based on historical observations and forward-looking forecasts. For some financial assets, EAD is determined by modelling the range of possible exposure outcomes at various points in time using scenario and statistical techniques.

As described above, and subject to using a maximum of a 12-month PD for financial assets for which credit risk has not significantly increased, the Bank measures ECL considering the risk of default over the maximum contractual period (including any customer's extension options) over which it is exposed to credit risk, even if, for risk management purposes, the Bank considers a longer period. The maximum contractual period extends to the date at which the Bank has the right to require repayment of an advance or terminate a loan commitment or guarantee.

However, for credit card facilities that include both a financing and an undrawn commitment component, the Bank measures ECL over a period longer than the maximum contractual period if the Bank's contractual ability to demand repayment and cancel the undrawn commitment does not limit the Bank's exposure to credit losses to the contractual notice period. These facilities do not have a fixed term or repayment structure and are managed on a collective basis. The Bank can cancel them with immediate effect but this contractual right is not enforced in the normal day-to-day management, but only when the Bank becomes aware of an increase in credit risk at the facility level. This longer period is estimated taking into account the credit risk management actions that the Bank expects to take and that serve to mitigate ECL. These include a reduction in limits, cancellation of the facility and/or turning the outstanding balance into a financing with fixed repayment terms.

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

47 FINANCIAL RISK MANAGEMENT (Cont'd.)

(a) Credit Risk (Cont'd.)

(i) Expected credit loss ("ECL") measurement (Cont'd.)

(vi) Forward-looking information incorporated in the ECL models

The Bank incorporates forward-looking information into both its assessment of whether the credit risk of an instrument has increased significantly since its initial recognition and its measurement of ECL. Based on advice from the KFH Group Risk expert and economic experts and consideration of a variety of external actual and forecast information, the Bank formulates a 'base case' view of the future direction of relevant economic variables as well as a representative range of other possible forecast scenarios. This process involves developing additional economic scenarios and considering the relative probabilities of each outcome. External information includes economic data and forecasts published by governmental bodies and monetary authorities in the countries where the Bank operates, supranational organisations such as the Organisation for Economic Cooperation and Development ("OECD") and the International Monetary Fund, and selected private-sector and academic forecasters.

The base case represents a most-likely outcome and is aligned with information used by the Bank for other purposes such as strategic planning and budgeting. The other scenarios represent more optimistic and more pessimistic outcomes. Periodically, the Bank carries out stress testing of more extreme shocks to calibrate its determination of these other representative scenarios.

The Bank relied on Moody's historical industry analysis and has identified the key macroeconomic variables impacting credit risk and expected credit losses for each portfolio.

	2020	2021
Gross Domestic Product ("GDP") (RM Billion)	1446.73	1342.2
Kuala Lumpur Stock Exchange Index ("KLSE") (Index)	1538.4	1571.9

Predicted relationships between the key indicators and default loss rates on various portfolios of financial assets have been used in reference to Moody's economic database for the ranges of historical data of 3.25 years (13 Quarters) and forecasted data of 5 years (20 Quarters).

KUWAIT FINANCE HOUSE (MALAYSIA) BERHAD

(200401033666) (672174-T)
(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

47 FINANCIAL RISK MANAGEMENT (Cont'd.)

(a) Credit Risk (Cont'd.)

(i) Expected credit loss ("ECL") measurement (Cont'd.)

(vii) Grouping of instruments for losses measured on a collective basis

For expected credit loss provisions modelled on a collective basis, a grouping of exposures is performed on the basis of shared risk characteristics, such that risk exposures within a group are homogeneous. In performing this grouping, there must be sufficient information for the group to be statistically credible. Where sufficient information is not available internally, the Bank has considered benchmarking internal/external supplementary data to use for modelling purposes. The characteristics and any supplementary data used to determine groupings are outlined below:

Retail – Groupings for collective measurement

- Product type (e.g. Auto Financing, Personal Financing, Home and Property Financing and Credit Card)

Non-Retail – Groupings for collective measurement

- Industry – External data sourced from study by Moody's
- Collateral type
- Credit Rating band
- Geographical region of risk exposures – external data sourced from study by Moody's

The following exposures are assessed individually:

Retail

- Stage 3 financing includes Auto Financing, Personal Financing, Home and Property Financing and Credit Card

Non-Retail

- Stage 1 facilities
- Stage 2 facilities
- Stage 3 facilities

The appropriateness of groupings is monitored and reviewed on a periodic basis by the Credit Risk team.

(ii) Maximum exposure to credit risk without taking account of any collateral

The following tables show the maximum exposure to credit risk for the components of the statements of financial position, including derivatives, before the effect of mitigation through the use of master netting and collateral agreements.

For on-balance sheet financial assets, the exposure to credit risk equals to their carrying amount. For off-balance sheet, exposures, the maximum exposure to credit risk are maximum amount that the Group and the Bank would have to pay if the obligations of the instruments issued are called upon and/or the full amount of the undrawn credit facilities granted to customers.

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

47 FINANCIAL RISK MANAGEMENT (Cont'd.)

(a) CREDIT RISK (Cont'd.)

(iii) Amounts arising from ECL

The loss allowance recognised in the period is impacted by a variety of factors, as described below:

- Transfers between Stage 1 and Stages 2 or 3 due to financial instruments experiencing significant increases (or decreases) of credit risk or becoming credit-impaired in the period, and the consequent “step up” (or “step down”) between 12-month and Lifetime ECL;
- Additional allowances for new financial instruments recognised during the period, as well as releases for financial instruments de-recognised in the period;
- Impact on the measurement of ECL due to changes in PDs, EADs and LGDs in the period, arising from regular refreshing of inputs to models;
- Impacts on the measurement of ECL due to changes made to models and assumptions;
- Discount unwind within ECL due to the passage of time, as ECL is measured on a present value basis;
- Foreign exchange retranslations for assets denominated in foreign currencies and other movements; and
- Financial assets derecognised during the period and write-offs of allowances related to assets that were written off during the period.

The following tables explain the changes in the gross carrying amount of retail and non-retail portfolio which explain their significance changes in the loss allowances for the same portfolio as discussed above:

Non - Retail	Stage 1	Stage 2	Stage 3	Total
	12-month ECL	Lifetime	Lifetime ECL

Write off policy

The Bank writes off financial assets, in whole or in part, when it has exhausted all practical recovery efforts and has concluded there is no reasonable expectation of recovery. Indicators that there is no reasonable expectation of recovery include (i) ceasing enforcement activity and (ii) where the Bank's recovery method is foreclosing on collateral and the value of the collateral is such that there is no reasonable expectation of recovering in full.

The Bank may write-off financial assets that are still subject to enforcement activity. The outstanding contractual amounts of such assets written off during the year ended 31 December 2021 was RM40,255,400 (2020 : RM3,277,929). The Bank still seeks to recover amounts it is legally owed in full, but which have been partially written off due to no reasonable expectation of full recovery.

Modified financial assets

There were financial assets modified in 2021 arising from Repayment Assistance Programme announced by the Government as disclosed in Note 44.

KUWAIT FINANCE HOUSE (MALAYSIA) BERHAD

(200401033666) (672174-T)

(Incorporated in Malaysia)

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

47 FINANCIAL RISK MANAGEMENT (Cont'd.)

(a) CREDIT RISK (Cont'd.)

(iii) Amounts arising from ECL (Cont'd.)

Overlays and adjustments for expected credit loss amid COVID-19 environment

As the current MFRS 9 models are not expected to generate levels of expected credit loss ("ECL") with sufficient reliability in view of the unprecedented and on-going COVID-19 pandemic, overlays and post-model adjustments have been applied to determine a sufficient overall level of ECLs for the year ended and as at 31 December 2021.

These overlays and post-model adjustments were taken to reflect the latest macroeconomic outlook not captured in the modelled outcome and the potential impact to delinquencies and defaults when the various relief and support measures expire in 2021.

The overlays and post-model adjustments involved significant level of judgement and reflect the management's views of possible severities of the pandemic and paths of recovery in the forward looking assessment for ECL estimation purposes.

The customers who have received repayment supports remain in their existing stages unless they have been individually identified as not viable or with subsequent indicators of significant increase in credit risk from each of their pre-COVID-19 status. The overlays and post-model adjustments were generally made at portfolio level in determining the sufficient level of ECLs.

Total overlays for ECLs maintained by the Group as at 31 December 2021 are RM269.3 million (2020: RM211.0 million).

Model adjustments and management overlays

The Bank's models have been constructed and calibrated using historical trends and correlations as well as forward looking economic scenarios. The severity of the current macroeconomic projections and the added complexity caused by the various support schemes and regulatory guidance across the main regions in which the Bank operates could not be reliably modelled for the time being.

As a sequence, the existing models may generate results that are either overly conservative or overly optimistic depending on the specific portfolio/segment. As a result, adjustments to models were needed, either within or outside the models. Given model changes take a significant amount of time to develop and test and the data limitation issues noted above, the Bank expects that post-model and other judgemental adjustments will be applied for the foreseeable future.

Model adjustments and management overlays (Cont'd.)

Post-model adjustments and management overlays made in estimating the reported ECL as at 31 December are set out in the following tables:

31 December 2021	Modelled ECL RM'000	Management Overlays RM'000	Total Judgmental Adjustments RM'000	Total ECL RM'000	Judgemental adjustments as a % of total ECL RM'000
Non Retail Portfolio	48,110	152,301	152,301	200,411	76%
Retail Portfolio	46,460	116,954	116,954	163,414	72%
	<u>94,570</u>	<u>269,255</u>	<u>269,255</u>	<u>363,824</u>	

31 December 2020	Modelled ECL RM'000	Management Overlays RM'000	Total Judgmental Adjustments RM'000	Total ECL RM'000	Judgemental adjustments as a % of total ECL RM'000
Non Retail Portfolio	75,099	181,353	181,353	256,452	71%
Retail Portfolio	51,717	29,618	29,618	81,335	36%
	<u>126,815</u>	<u>210,971</u>	<u>210,971</u>	<u>337,787</u>	

* ECL above covers Stage 1, 2 and 3.

In-model

The ECL model developed by Moodys has been consistently adopted since 2018 for respective retail and non-retail portfolios. The ECL results generated by the model is updated according to latest PD and LGD benchmark in the region and its relevant macro economic variables (MEVs) according to retail and non-retail exposure.

47 FINANCIAL RISK MANAGEMENT (Cont'd.)

(a) CREDIT RISK (Cont'd.)

(iii) Amounts arising from ECL (Cont'd.)

Model adjustments and management overlays (Cont'd.)

Management overlays

Management overlays reflect additional ECL on top of modelled ECL assigned due to the significant uncertainty as a consequence of Covid-19. Considerations included the potential severity and duration of the economic disruption and the heightened credit risk of specific sectors and financing classes / segments, such as construction and portfolio under Repayment Assistance Programme (RAP).

Additionally, adjustments are made in relation to data and model limitations. The adjustments are based on a combination of portfolio level credit risk analysis and an evaluation of ECL coverage at an exposure level. The basis estimates used for minimum PD and LGD non-retail portfolio.

47 FINANCIAL RISK MANAGEMENT (Cont'd.)

(a) CREDIT RISK (Cont'd.)

(v) Credit risk exposure based on the Bank's internal credit risk rating

The principal objective of credit risk measurement for KFHMB is to produce accurate quantitative assessment of the credit risk to which the Bank is exposed to. To determine the counterparty risk, KFHMB has a risk rating system that enables the rank-ordering of the customers' risk profile to assess the credit quality of customers and assigns them an internal risk rating. The rating system is actively monitored and a monthly analysis of the corporate and commercial customers are provided to the senior management and the Board for oversight.

For retail banking, KFHMB has in place a series of internal scorecards, which will assess the credit worthiness of the individual customers prior to approval. The main attributes of the credit assessment within the scorecard is mostly based on statistically derived default patterns within the customer profile and also credit bureau data. The performance of the scorecard is being reviewed to ensure that it continues to effectively discriminate between good and potentially bad customers.

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

47 FINANCIAL RISK MANAGEMENT (Cont'd.)

(a) CREDIT RISK (Cont'd.)

(vii) Carrying amount by class of financial assets whose terms have been renegotiated

Collateral held and other credit enhancements

The Bank employs a range of policies and practices to mitigate credit risk. The most common one is acceptance of collateral for funds advanced. The Bank has internal policies on the acceptability of specific classes of collateral or credit risk mitigation.

The Bank prepares a valuation of the collateral obtained as part of the financing origination process. This assessment is reviewed periodically. The principal collateral types for financing and advances are:

- Margin agreement for derivatives, for which the Bank has also entered into master netting agreements;
- Charges over business assets such as premises, inventory and accounts receivable; and
- Charges over financial instruments such as debt securities and equities.

Longer-term finance and lending to corporate entities are generally secured; revolving individual credit facilities are generally unsecured.

Collateral held as security for financial assets other than financing and advances depends on the nature of the instrument. Debt securities, treasury and other eligible bills are generally unsecured, with the exception of asset-backed securities and similar instruments, which are secured by portfolios of financial instruments. Derivatives are also collateralised.

The Bank's policies regarding obtaining collateral have not significantly changed during the reporting period and there has been no significant change in the overall quality of the collateral held by the Bank since the prior period.

The Bank closely monitors collateral held for financial assets considered to be credit-impaired, as it becomes more likely that the Bank will take possession of collateral to mitigate potential credit losses. The Bank holds collateral and other credit risk enhancements against certain of its credit exposures. The following table sets out the principal types of collateral held against different types of financial assets.

Financing and advances <i>RM'000</i>	Percentage of exposure that is subject to collateral		
	31 Dec 2021	31 Dec 2020	Principle type of collateral
Financing and advances	3,669,301	4,194,043

More than	-	-
Total	16,901,311	20,607,426

Collateral

The amount and type of collateral required depends on an assessment of the credit risk of the counterparty. The Bank has established clear guidelines that have been approved by the management and the Board on the types of acceptable collateral, valuation parameters and processes and secured margins to be taken.

The main types of collateral accepted include real estate, securities, cash and sovereign guarantees. The Bank also obtains guarantees from parent companies for finance facilities extended to their subsidiaries. In line with the Bank's established credit guidelines, proper due diligence on the guarantor is conducted to ascertain their creditworthiness. Management monitors the market value of collateral, requests additional collateral in accordance with the underlying agreements, and monitors the market value of collateral obtained during its review of the adequacy of the allowance for impairment losses.

The financial effect of collateral (quantification of the extent to which collateral and other enhancements mitigate credit risk) held for financing, advances and other receivables for the Bank is at 69.0% as at 31 December 2021 (2020: 65.2%). The financial effect of collateral held for other financial assets is not significant.

Guidelines on Musyarakah and Mudharabah Contracts for Islamic Banking Institutions

In order to cater for the inherently higher credit risks associated to dealings in Musyarakah and Mudharabah contracts, the Bank has been maintaining an internal credit policy to cover the Bank's activities in such portfolio, in addition to complying with BNM's Guidelines on Musyarakah and Mudharabah Contracts for Islamic Banking Institutions. The internal policy, which sets stricter and more clearly defined guidelines, encompasses areas of managing risks associated to profit-sharing activities such as the business management, strategy, exit mechanisms, business monitoring/control, and trigger alerts for potential watchlist and impaired accounts. The credit policy is enhanced from time to time to cater for latest changes in the risk profile of the portfolio.

In terms of approval of new Musyarakah and Mudharabah contracts, the Bank has introduced greater control where all new proposals are tabled to Management Committee for approval and subsequently to Board Credit and Investment Committee for concurrence. This further augments the Board's credit monitoring oversight role, specifically on the relatively higher risk profit-sharing portfolio.

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

47 FINANCIAL RISK MANAGEMENT (Cont'd.)

(b) LIQUIDITY RISK

Liquidity risk is defined as the exposure to loss as a result of the inability to meet cash flow obligations in a timely and cost-effective manner. It arises when the Bank does not have sufficient maturing assets to cover maturing liabilities that are not rolled-over. The Bank has adopted the BNM's liquidity standard on Liquidity Coverage Ratio (LCR) and Net Stable Funding Ratio (NSFR). While the LCR encourages the short-term resilience (30 days) of a banking institution's liquidity risk profile, the NSFR aims to reduce funding risk over a time horizon of up to one year. LCR aims to ensure that banking institutions hold sufficient high-quality liquid assets (HQLA) to withstand an acute liquidity stress scenario over a 30-day horizon where a stable funding profile reduces the likelihood of a banking institution's liquidity position being severely eroded by material disruptions to its regular sources of funding.

The Bank also uses a range of tools to monitor and control liquidity risk exposure such as liquidity gap, early warning signals, liquidity indicators and stress testing. The liquidity positions of the Group and the Bank are monitored regularly against the established policies, procedures and limits.

Contractual maturity of total assets and liabilities

The tables below provide analysis of assets and liabilities into relevant maturity tenures based on remaining contractual maturities as at 31 December 2021 and 31 December 2020. The disclosure is made in accordance with the requirement of Financial Reporting for Islamic Banking Institutions.

47 FINANCIAL RISK MANAGEMENT (Cont'd.)

(b) LIQUIDITY RISK (Cont'd.)

To manage the risk inherent from the above position, limits on the following ratios are imposed to ensure that the Bank has sufficient liquidity to meet the liability obligations:

- (i) The sum of assets to mature within a period of one week and liquefiable assets over the liabilities that will mature within a period of 1 week;
- (ii) The sum of assets to mature within a period of one month and liquefiable assets over the liabilities that will mature within a period of 1 month; and
- (iii) The sum of cash, bank balances, placements and deposits with banks and financial institutions, and liquefiable assets over the total deposits from the 10 largest depositors of the Bank.

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

47 FINANCIAL RISK MANAGEMENT (Cont'd.)

(c) MARKET RISK

Market risk is the risk that movements in market variables, including rates of return, foreign exchange rates, credit spreads, commodity prices and equity prices, will reduce the earnings or capital of the Group and the Bank.

i. Traded Market Risk

Traded Market Risk arising from financial instruments held either with trading intent or to hedge other elements of the Trading Book. Positions held with trading intent are those held intentionally for short-term resale and/or with the intent of benefiting from actual or expected short-term price movements or to lock in arbitrage profits. These positions attract market risk capital charge. For example, proprietary positions, positions arising from client servicing and market making.

ii. Non-Traded Market Risk

Rate of Return in the Banking Book

Rate of return risk in the banking book refers to the risk of the Bank's earnings and economic value of equity due to the adverse movements in benchmark rate. The risk may arise from the mismatches in the timing of repricing of assets and liabilities from both on and off-balance sheet positions in the banking book, changes in slope and shape of the yield curve, basis risk and optionality risk.

The following tables indicate the effective rate of return at the reporting date and the Group's and the Bank's sensitivity to the rate of return by time band based on the earlier of contractual repricing date and maturity date. Actual repricing dates may differ from contractual repricing dates due to prepayment of financing and advances.

Note:

The earnings and economic values were computed based on the standardised approach adopted by BNM.

The reported amounts do not capture the impact of business growth or of management actions and are based on the balance sheet as at reporting date. In reality, the Assets & Liabilities Management Committee ("ALCO") seeks to proactively change the interest rate/rate of return risk profile to minimise losses and maximise net revenue. The projection assumes a constant statements of financial position and that all positions run to maturity.

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

47 FINANCIAL RISK MANAGEMENT (Cont'd.)

(d) FOREIGN EXCHANGE RISK

Foreign exchange risk is the risk to earnings and value of foreign currency assets, liabilities and hedging financial instruments caused by fluctuations in foreign exchange rates.

The banking activities of providing financial products and services to customers expose the Group and the Bank to foreign exchange risk. Foreign exchange risk is managed by treasury function, and monitored by Risk Management against delegated limits. The Group's policy is to ensure, where appropriate and practical, that its capital is protected from foreign exchange exposures. Hedging against foreign exchange exposures is mainly to protect the real economic value, rather than to avoid the short-term accounting impact.

The table below analyses the net foreign exchange positions of the Group and the Bank by major currencies, which are mainly in Ringgit Malaysia, Singapore Dollar, and US Dollar.

Group 2021	MYR RM'000	SGD RM'000	USD RM'000	EUR RM'000	KWD RM'000	Others RM'000	Total RM'000

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

47 FINANCIAL RISK MANAGEMENT (Cont'd.)

(d) FOREIGN EXCHANGE RISK (Cont'd.)

The table below indicates the currencies to which the Group and the Bank had significant exposure as at 31 December 2021. The analysis calculates the effect of a reasonably possible movement of the currencies' exchange rates against Ringgit Malaysia, with all other variables held constant, on the income statement. A negative amount in the table reflects a potential net reduction in income statement, while a positive amount reflects a net potential increase.

	2021		2020	
	Change in exchange rate %	Effect on Income Statements/ Equity RM'000	Change in exchange rate %	Effect on Income Statements/ Equity RM'000

NOTES TO THE FINANCIAL STATEMENTS - 31 DECEMBER 2021

47 FINANCIAL RISK MANAGEMENT (Cont'd.)

(e) Credit Risk Disclosures for portfolios under the Standardised Approach

For the calculation of credit risk-weighted assets under the Standardised Approach for Capital Adequacy Framework for Islamic Bank ("CAFIB") issued by Bank Negara Malaysia ("BNM"), external credit assessments (or external ratings) on the obligor (the issuer) or specific securities issued by the issuer (the issue) form as a basis for the determination of risk weights for exposures to sovereigns, central banks, public sector entities, banking institutions, corporates as well as certain other specific portfolios in the banking book. The Bank captures all available external ratings of obligor or issues and adheres to the conditions stipulated in the BNM CAFIB to choose the applicable rating assessment for exposures with single or multiple external ratings. The Bank then assigns the appropriate risk weight to the banking book exposure that is equivalent to the standard risk-weights in CAFIB for issue-specific rating. The Bank also applies the principles stipulated in CAFIB to determine the applicable risk weights to the exposures that do not have issue-specific rating.

(i) Names of External Credit Assessment Institution ("ECAIs") used are:

Standard & Poor's Rating Services ("S&P")
Moody's Investor's Service ("Moody's")
Fitch Ratings ("Fitch")
Rating Agency Malaysia ("RAM")
Malaysian Rating Corporation Berhad ("MARC")

(ii) Types of exposures for which each ECAIs is used :

Exposures to Sovereign and Central Banks
Exposures to Non-Federal Government Public Sector Entities ("PSEs")
Exposures to Multilateral Banks ("MDB's")
Exposures to Banking Institutions and Corporates

(iii) The breakdown of all rated and unrated exposures in each major risk category for the current financial year are as follows:

Exposure class	Rating of Corporates by approved ECAIs					
	Moody's	Aaa to Aa3	A1 to A3	Baa1 to Ba3	B+ to C	Unrated
	S&P	AAA to AA-	A+ to A-	BBB+ to BB-	B+ to D	Unrated
	Fitch	AAA to AA-	A+ to A-	BBB+ to BB-	B+ to D	Unrated
	RAM	AAA to AA3	A to A3	BBB to BB	B to D	Unrated
	MARC	AAA to AA-	A+ to A-	BBB+ to BB-	B+ to D	Unrated
	Rating & Investment Inc	AAA to AA-	A+ to A-	BBB+ to BB-	B+ to D	Unrated

¹ Higher risk assets are defined in CAFIB guidelines issued by Bank Negara Malaysia which comprised of i) exposures structured as Musyarakah and Mudharabah contracts and ii) Investment in equity financial instruments that are non-publicly traded.

² Defaulted exposures are defined as the Islamic bank considers that an obligor is "unlikely to repay" in full its credit obligations; and the obligor has breached its contractual repayment schedule and is past due for more than 90 days. For events under "unlikeliness to repay", please refer to Appendix 3 paragraph 2 of CAFIB guidelines issued by Bank Negara Malaysia.

³ Comprising Ijarah Rental Swaps, Cross Currency Ijarah Rental Swaps and Promissory Foreign Exchange Contracts.
